Covenant School of Nursing

Disciplinary Action Summary Assignment

Instructional Module 2

Student Name: Pharella Date: 01/25/2023 DAS Assignment # 2 (1-4)

Name of the defendant: KELLY LYNN STONE License number of the defendant: 777638

Date action was taken against the license: 02/21/2014

Type of action taken against the license: Remedial education

Use the space below to describe the events which led to the action(s) taken against the license. If multiple charges were in play, be sure and cite them, e.g. drug diversion, HIPAA violation, abandonment, forfeiture on student loans, etc. Medication error
Accidentally administered 2 doses of Varicella Vaccine.. Administered Kinrix Vaccine rather than hepatitis A Vaccine to a patient

Use the space below to provide a description of measures you think could have prevented any action being taken against the license and/or would have prevented harm to the patient, if harm occurred.
She should have make for 3 checks required before medication administration and followed the 7 rights for medication administration

Identify which universal competencies were violated and explain how.
She violates safety and security (physical), it could have harmed the patient
critical thinking to give / not give vaccine.

Use the space below to describe what action you think a prudent nurse would take as the first to person to discover the event described, in other words, you are the one who discovers the patient has been harmed by the nurse or you have discovered the impairment or criminal activity cited in the disciplinary action.
I would immediately report the error to the charge nurse or case manager so that action can be taken as soon as possible to invert the effect of the wrong medication if possible; and document appropriately the error.
