Charleston Spring 2021 • Start Date: 01/04/2021 • End Date: 05/07/2021

Grading Rules Applied to this Class

Advantage Assignments: Participation

Students will be awarded a participation grade based on the amount of work they have completed within the topic or assessment regardless of their score. For example, if they have only finished half of the content by the due date, they receive 50%. If they have completed all of the content before the due date, they receive 100%. We recommend using this approach with practice content as the aim is to get students actively working.

A completion date/time is not indicate that the assignment was completed past the due date.

Edge Assignments: Traditional

Each assignment is based on a total of 100 percentage points. Your score reflects the percentage of questions the you answer correctly.

Assignment, C	Due Date ▲	Date Completed ▽	Grade
