Module: Virtual Interaction: Adolescent clients at risk for suicide
Simulation: The Communicator 2.0

Individual Performance Profile

Individual Name: Ben Geisler

Student Number: 6925072

Institution: Lakeview CON

Program Type: BSN

Please note that time spent on your Individual Performance Profile reflects only conversations fully completed.

Time Use and Score

Virtual Interaction: Adolescent clients at risk for suicide	Date	Time Spent	Score(Points)
Practice: Justin	01/29/2022	23:48	Complete

Scenario

Justin is presenting with headaches, but his provider has not found a physical cause for them. Talk with Justin about the stress in his life and assess his mental health.

Overall Engagement

Overall Engagement

0 of 0 points	**Selected option:** Good job assessing Justin's level of suicide risk and building his buy-in for a referral.

Rationale:
It took you longer than four minutes, not counting time spent making menu selections. In real life, you should be able to screen, assess suicide risk, and make a referral in approximately three to four minutes.

Communication Technique Feedback:

Points on technique separate from overall points

Assessing Level of Suicide Risk

0 of 0 points	**Rationale:** Nice job! You uncovered stressors in Justin's life, noticed hints of suicidal ideation, and asked about it. And you accomplished that in under five minutes, not counting the time you spent making menu selections.
