Individual Performance Profile
Respiratory 3.0 Test

Individual Name:	**XITLALLY BONILLA**	**Individual Score:**	**93.3%**
Student Number:	**7833185**	Practice Time:	**7 min**
Institution:	**Lakeview CON**		
Program Type:	**BSN**		
Test Date:	**10/11/2023**		

Individual Performance on the Learning Objectives

Sub-Scale	# Items	# Points	Individual Score	Individual Score (% Correct) 1 10 20 30 40 50 60 70 80 90 100
Assessment details, health history interview, health promotion, and documentation	6	12	100.0%	
Preliminary stats and breath sounds	7	13	84.6%	
Anterior, posterior, and lateral chest	5	5	100.0%	

Topics To Review - Incorrect

Assessment details, health history interview, health promotion, and documentation

No remediation material

Anterior, posterior, and lateral chest

No remediation material

Preliminary stats and breath sounds (2 items)

Breath Sounds: Identifying the Location of Bronchial Breath Sounds

Preliminary Stats: Identifying Findings That Indicate Respiratory Difficulty

Topics To Review - Correct

Assessment details, health history interview, health promotion, and documentation (6 items)

Health History Interview: Identifying Subjective and Objective Data

Health Promotion: Teaching a Client About Smoking Cessation

Health Promotion: Teaching About the Influenza Vaccine

Overview: Assessing for Adequate Oxygenation

Providing Client Education about Tobacco Smoking

Summary: Evaluating Documentation

Anterior, posterior, and lateral chest (5 items)

Anterior Chest: Evaluating Auscultation Technique

Anterior Chest: Identifying a Barrel Chest

Anterior Chest: Identifying Cheyne-Stokes Breathing

Posterior and Lateral Chest: Identifying a Pneumothorax

Posterior and Lateral Chest: Performing Auscultation

Preliminary stats and breath sounds (5 items)

Breath Sounds: Describing a Pleural Friction Rub

Breath Sounds: Identifying Respiratory Wheezes

Breath Sounds: Priority Actions for a Client Who Is Having Difficulty Breathing

Preliminary Stats: Evaluating Understanding of Manifestations of Decreased Oxygenation

Preliminary Stats: Manifestations of Hyperventilation
