Individual Performance Profile
RN Neurodevelopmental Disorders Assessment

Individual Name:	**NICHOLAS ALFORD**	**Individual Score:**	**100.0%**
Student Number:	**8275634**	Practice Time:	**3 min**
Institution:	**Lakeview CON**		
Program Type:	**BSN**		
Test Date:	**4/12/2025**		

Individual Performance on the Learning Objectives

Sub-Scale	# Items	# Points	Individual Score	Individual Score (% Correct) 1 10 20 30 40 50 60 70 80 90 100
Describe the impact neurodevelopmental disorders have on on a client's overall health.	5	5	100.0%	
Explore epidemiological and etiological risk factors that contribute to clients experiencing neurodevelopmental disorders.	5	5	100.0%	
Differentiate the clinical presentation of clients experiencing neurodevelopmental disorders.	4	4	100.0%	
Explore the role of the nurse caring for clients experiencing neurodevelopmental disorders.	5	5	100.0%	
Apply the nursing process through use of the clinical judgment functions while providing care to clients experiencing neurodevelopmental disorders.	5	11	100.0%	

Topics To Review - Incorrect

Describe the impact neurodevelopmental disorders have on on a client's overall health.

No remediation material

Explore epidemiological and etiological risk factors that contribute to clients experiencing neurodevelopmental disorders.

No remediation material

Differentiate the clinical presentation of clients experiencing neurodevelopmental disorders.

No remediation material

Explore the role of the nurse caring for clients experiencing neurodevelopmental disorders.

No remediation material

Apply the nursing process through use of the clinical judgment functions while providing care to clients experiencing neurodevelopmental disorders.

No remediation material

Topics To Review - Correct

Describe the impact neurodevelopmental disorders have on on a client's overall health. (5 items)

Cognitive Signs of a Learning Disability in a Child

Effects for a Client Who Has ADHD

Findings for a Client Who Has an Intellectual Disability

Findings for a Client Who Has Dyslexia

Manifestations of Hyperactivity in a Client Who Has ADHD

Explore epidemiological and etiological risk factors that contribute to clients experiencing neurodevelopmental disorders. (5 items)

Characteristics of a Child Who Has a Stutter

Environmental Risk Factors for Developing Intellectual Disabilities

Increased Risks of Down Syndrome

Risk Factors for Tourette Syndrome

Teaching About Risk Factors Associated with Autism Spectrum Disorder

Differentiate the clinical presentation of clients experiencing neurodevelopmental disorders. (4 items)

Actions for a Child Who Has ADHD

Assessing Effectiveness of Interventions for a Client Who Has ADHD

Assessing Indication of a Learning Disorder

Behaviors of Clients Who Have Autism Spectrum Disorder

Explore the role of the nurse caring for clients experiencing neurodevelopmental disorders. (5 items)

Identifying Why a Nurse Should Be Educated About Clients Who Have Intellectual Disabilities

Nursing Actions for a Client Who Has Autism Spectrum Disorder and Depression

Outcomes for Implementing an Early Screening for ADHD

Planning Care for a Client Who Has a Communication Disorder
