Dear David,

Our Global Professional Instructor Donisha Brown has submitted your participation and assessment details from the CPI *Nonviolent Crisis Intervention*<sup>®</sup> (NCI) Instructor Renewal Program you attended, and we are pleased to congratulate you on this important accomplishment!

This email confirms you are authorized to train staff at your base of employment, Beacon Specialized Living Services, in CPI's *Nonviolent Crisis Intervention* program.

As soon as it is practical to do so, I encourage you to schedule your next training program -- repeating program concepts and skills through teaching helps to reinforce your knowledge and training skills. If you are unable to do live training, I encourage you to review the online course and your Instructor Guide.

Here are a few tips to showcase your certification and continually improve your training practices:

- Register for *Beyond the Blue Card*<sup>™</sup> at [beyond.cpilearning.com](http://beyond.cpilearning.com). This is a free monthly eNewsletter designed for both you and for the people you train. In your future trainings, please be sure to share the sign-up link.
- Connect and grow your skills by joining the Instructor Community: Select "Instructor Community" in the Training Resources section on our website. Sign up with the email of your choice, then monitor your email for confirmation.
- Showcase your accomplishments by listing your certification in email and on social media:
  - For your email signature line: CPI Certified Instructor -- Associate
  - For your Twitter bio: CPI Certified Instructor -- Associate
  - For LinkedIn: In the Accomplishments section, click Certification. Then fill in the following fields:  
Certification Name: CPI Certified Instructor
- Most importantly, reach out to our team of training advisors and Global Professional Instructors if you have questions or need advice on your trainings.

**CEU (Continuing Education Units):** Continuing education may be available for training participants for successful completion of this program. Please visit the continuing education page of the Crisis Prevention Institute's website for a listing of the current approvals, and to determine if Crisis Prevention Institute currently has training approved by your licensing organization. As these trainings are time-zone based, additional information may be required from participants who wish to get credit for specific boards. Each organization has different training requirements, and ultimately determines if trainings meet their continuing education standards. For more information, contact a representative of your licensing organization, or email [ceu@crisisprevention.com](mailto:ceu@crisisprevention.com).

Please don't hesitate to call us at **877.877.5390** (Monday-Friday, 7:30 am-6:00 pm CT) or email us at [info@crisisprevention.com](mailto:info@crisisprevention.com). We are available to discuss specific training issues, provide useful training tips, and offer support.

Thank you for your commitment to building a comprehensive culture of care at your organization!

Sincerely,
