ANNUAL DMA RECERTIFICATION TEST

1. List the six patient rights:

right person
right medication
right dosage

right time
right route
right documentation

2. Liquid medication is poured at eye level holding the cup with your hand?

Yes No Explain:

It is poured at eye level on a flat surface

3. Controlled substance log is signed after the shift is over?

Yes No Explain:

Controlled substance log is signed at the beginning and end of the shift and if there is a change in DMA during a shift and whenever a controlled substance is passed

4. The DMA may crush tablets if resident does not want to swallow whole?

Yes No Explain:

DMA can't crush a tablet unless there is an order.

5. Controlled substances are stored (single locked) according to policy and procedures?

ANNUAL DMA RECERTIFICATION TEST

Yes No Explain:

Controlled substances are double locked.

6. Medication errors only need to be reported if the error causes harm?

Yes No Explain:

Medication errors are to be reported immediately regardless of severity.

7. The medication room keys are left hanging on a special hook in the office area?

Yes No Explain:

Medication room keys are to be in the DMA's possession at all times.

8. If a resident runs out of a psychotropic medication and another bubble pack is not in the house, you can use one from another resident?

Yes No Explain:

A resident can only use their own prescribed medications.

9. Always give Lantus insulin irregardless of the glucose level?

Yes No Explain:

ANNUAL DMA RECERTIFICATION TEST

It depends on what the prescription or order the client has.

10. Blood pressure readings are used to monitor the treatment results of Lisinopril, Tenormin, or Norvasc?

Yes No Explain:

These are all medications used to reduce blood pressure.

11. Eight o'clock medication may be given at 8:00, 9:00, or 10:00?

Yes No Explain:

8 o'clock medication can be passed between 7 and 9: (7, 8, 9)

12. Medications that have been popped and then the resident refuses are put back in the bubble packs?

Yes No Explain:

They can be destroyed or held, bagged, and labeled to be used during the shift. If the shift ends, that DMA needs to destroy the med for accurate accounting.

13. Orders do not have to be on record for insulin injections?

Yes No Explain:

ANNUAL DMA RECERTIFICATION TEST

There has to be a prescription/order for
insulin injections

14. When a resident gets up late for a medication pass, just enter in the quickMAR, resident not in house for the med pass, and give the medication whenever they get up?

Yes No Explain:

Nurse or clinician on-call should be contacted to approve med pass. Then proper documentation should be done.

15. OTC means other than called for?

Yes No Explain:

Over the counter.

16. One Tablespoon is equal to 30ml?

Yes No Explain:

15 mL.

17. NPO means para oral?

Yes No Explain:

not by mouth

ANNUAL DMA RECERTIFICATION TEST

18. All controlled substances are returned to the pharmacy to be repackaged?

Yes No Explain:

Control substances can't be repackaged and should be destroyed if necessary.

19. Choking and aspiration is a rare problem among residents on psychotropic medications?

Yes No Explain:

Those are common problems for residents on psychotropic medications.

20. Constipation is never a side effect of psychotropic medications?

Yes No Explain:

Constipation is a common side effect of psychotropic medications.
