### SUMMARY (Overview)

I am interested in being an icon for job opportunities. I am a strong believer in God, and I apply that same attitude towards my work standards. In school I have always had awards for singing with, Talent shows, Gospel Choirs, and even the Commission Ceremony for one of my Colleague Grads of Morris College. I believe in giving back to those in need because we all need a hand. I am very humble and remember where I came from and always hold my beliefs to a high standard.
