SUMMARY

I pay attention to important instructions and work well hands on. I'm very dependable and will get the job done. I can hold conversations professionally, listening, making eye contact, etc. I am also a flexible worker, so whenever you need me, I am available. I believe these skills will make me a great fit for Bon Secours, especially since this company requires a lot of hands on work and fast pace working. Bon Secours is also a friendly environment and I enjoy the peace it brings when I walk through the doors. Social Work is my passion and advocating for those who are in need is my number one priority in this career. The ultimate goal is to do everything that I can to assist the client's needs and make sure they are happy with what I provide them.
