

## Multicultural Video

<https://www.youtube.com/watch?v=XWg-ZrV3wPk>

This video is about pre-school teachers thinking and sharing the ways they can make their classrooms multicultural. One teacher talks about how she sings the “Good Morning Song” in everyone’s language. Another teacher talks about putting different types of clothes from where the kids are from in one of the centers. The video also talks about the kids learning English and how they can communicate with the children by showing pictures, manual signs, and voice output devices.
