Paraphrasing

Original

“Money is one form of power. But what is more powerful is financial education. Money comes and goes, but if you have the education about how money works, you gain power over it and can begin building wealth. The reason positive thinking alone does not work is because most people went to school and never learned how money works, so they spend their lives working for money.”

(Kiyosaki, 2011)

Paraphrased

The world revolves around money; we are born and raised to be employees instead of employers. Learning what was not taught can get you financial freedom. (Kiyosaki, 2011)
