Brown paper bag critique forum:

Speakers name: Ja'Niqua Mcfarland

Characteristics: Ja'Niqua is **Strong** but can break when times may get rough, she's the glue that keeps everything together so that says she's **caring**, In a way she is **isolated** because she likes to isolate her self from the negative people, and finally Ja'niqua is **Sweet**, though she seem or look mean in her speech she explained how sweet of a person she is.

Analogy Items: A stick, hair clip, a piece of paper, a sour patch kid, and a pair of scissors.

Strengths: The speaker had a good tone in her while presenting and her speech to me was very organized and wasn't all over the place.

Weakness: listening to Ja'Niqua's speech, I didn't think there was anything wrong with speech and I also think she executed the presentation well. She spoke in a very loud tone which made it easy to hear her and she wasn't speaking too fast when presenting.
