Intro to Forensics

Dr.Geter

Mid Term Part 1

Officers arrived on scene after being called to the local Motel 6. Columbia police department then began sanctioning off the scene of the crime. Officers talked to eye witness Shannon Brown white female 5'2 110 pounds of Columbia South Carolina and began questioning. She had complaints and went to go check out the room and saw Thomas Heilman white male 6'0 152 pounds long black hair brown eyes. Flee the scene covered in blood and that's where she found the dead body of Charles Long white male 5'10 146 pounds based off of the bloody I.D recovered at the scene of the crime. The room was checked out in Thomas's name. Suspect has been stabbed 4 times in the chest and has been fatally struck with a blunt object in head. Potential suspect Thomas Heilman fled the scene of the crime and location is unknown. Prosecuting court will be the Fifth Judicial Circuit Solicitor's office. Drayton investigations will be investigating the case. All evidence will be sent to CSI Crime Lab for analysis and fingerprints. Items were a bloody knife (potential murder weapon) a bloody hammer (potential murder weapon), along with blood on the pillows and sheets along where the victim was lying and a bloody hand print on the curtains of the room. Bloody handprints on the shower wall. Blood on the walls on the inside of the room. There was a bloody stain on the wall near the victim assuming that it belongs to the victim. Fallen night stands near the victim's body.
