Introduction

The life is divided with physical life and spiritual life. Jesus' physical family thought "He is out of His mind" and came to lay hold of Him. (Mark 3:21, NKJV)¹ Our life is limited in the flesh, wisdom and understanding is also limited in the flesh. It is not easy to understand spiritual work since we were born sinners living in the limited flesh. We get physical life from our parents. Knowing and understanding that the physical life doesn't last forever is wisdom. Physical parents only give physical body and life, but the Spirit gives us spiritual life so we can live with God forever. Sin resulted dead spiritually. To the spiritually dead people we are, God sent His Only Son, Jesus, gave us new life. This life is given to us as a gift when we trust in Jesus. This is called 'we are born again spiritually into God's Family'.
