

## Week 4- Research Topic

Professor Malone

If I had to pick a topic for a research paper of the Old Testament it would be entitled, "In the Beginning God." After taking a class that argued about if God is the creator or if He exist, it would be fixing to explore and research how creation came about.

- My research will be to prove that God is the beginning and creator of all things and heaven, earth, under the earth and mankind into being.
- The Holy Bible and other religious sources will be used to support my research.
