

Carroll Norwood
Week 8 Pastoral Interview Project
TH 308 Gifts of the Holy Spirit

Dr. Smith,

After reading the directions for the Pastoral Interview assignment, I was a little confused on the guidance instructed. Please see my take on the instructions below and the questions that I would like to ask.

If I am headed in the wrong direction, please advise.

Pastor Name: Felicia Delacoudray
Local Church: Fleming Fellowship Church
Denomination and Congregation Attendance: Pentecostal/150

Serving as a Pastor is a unique and distinguish position one can ever be placed in. I understand it is a position that transcends all ethnicity and reaches far beyond the physical sanctuary. In acknowledging the sanctuary, it serves as a magnet to the community it dwells, for drawing the people for biblical guidance and shepherding the flock of God. I have a few questions I would like to ask concerning your understanding and point of views:

1. What is your perspective on the global impact of Spiritual Gifts and the Holy Spirit?
 - a. Why do you foresee this happening today?
2. Describe what factors influenced the global Pentecostal movement?
 - a. How can these factors impact American culture in the 21st Century?
3. In your opinion, why does it appear to be a shrinking of influence in people who openly believe in God?
4. What is the correlation between the lack of conversion growth and the gift of evangelization in the North American church?

Respectfully,

Carroll A. Norwood
