Abstract

This research paper will take a look at the state of the Contemporary church and assess if possible its power and ability to meet the needs of this generation. Why have they found themselves unable to perform the miracles as Jesus did in His ministry? It will try to seek out according to the Bible, if the church is fulfilling the commands of Jesus or have they become too quiet concerning the real purpose of the church? Has the church taken heed to the message of fasting and praying or have they intertwined their theology and that of the new age thinking to make this generation comfortable in their way of life? Is the focus of the church still Jesus?

In short, this research seeks to evaluate if the plan of the church is in accordance with the Word of God?

This research is driven with purpose as it seeks to expose the problem of the missing pieces. Something is missing and before this missing piece grows deeper and darker, this research will endeavor to bring together the puzzle.
