One of the great subjects in John is Love—Loving God, receiving His Love and Loving others. In John 13:34, Jesus says; “ I give you a new commandment; that you should loved one another, just as I have loved you, so you too should love one another.” This is one of the most important principles of our faith and is very important to our lives as believers. I believe the real power of love is seen in how we treat one another. Are we kind, humble, patient, and ready to believe the best at all time; not easily provoked or offended and ready to lay aside our rights for other people? We should be quick to show Love. Most people today are looking for the easy way to serve, however, it leads to destruction. We must always treat other with love and respect.

Patrick’s Fresh Farm Eggs, LLC is a productive chicken farm and a thriving operation which feeds on positive energy. This young farmer has given me an opportunity to work as an intern for this semester. Interning on a poultry farm requires a productive attitude. During my first hour of Internship I was educated on Bio/security, customer service, and poultry. During this in-service I learned my Sunday Attire was and is not suitable for the Chicken Coops! However, it was okay, because the CEO provides proper clothing from Patrick’s Fresh Farm Eggs. After learning about Bio/Security. The CEO showed me how he takes care of his girls (Hens). It is his chickens that produce healthy and fresh eggs daily because he prays for them. (LOVE AT IT’S BEST) This is an experience of a new life journey, real love.
