Dear Mrs. Jones:

We are deeply saddened to hear of the sudden death of your son, Larry. We know this must be a very difficult and demanding time for you all. I had the honor to know Larry in high school, we both graduated in 1982.

Because of his kind nature and friendly spirit, everyone had the greatest respect for your son. Larry touched so many lives for good. I am grateful to have had the chance to know him as both a classmate and a cherished friend.

We, the class of 1982, are keeping you and your family in our thoughts and prayers. If there is anything we can do—from driving you to appointments to picking up prescriptions, please let us know.

With heartfelt sympathy,

Angela Bailey
