

WEEK FOUR STATISTICS ASSIGNMENT

Jasmeen Samnani

LEAD 702 Research Design I - Term 1

Beulah Heights University

September 27th, 2019

Dr. Michael Adebisi

Week four assignment

Page 101

1a. The correlation coefficient of the data is 0.5960

1b. Through the scatterplot, the correlation is direct because all the data points cluster themselves from lower left to upper right.

The hand written work for the solution and scatterplot is as the attachment.
