Assignment 9

Moral Argument – an argument with a conclusion that expresses a moral claim. The Morgan argument for the existence of God.

Unbeliever – Why do people go to Bible Study, because it doesn't take all that to know the Lord. I know the Lord and just because I know him. I do not have to go to Bible Study.

Believer – Bible Study is part of your Christians growth. It helps build you up when the enemy has beaten you down and you can gain strength from other believers. It is good to come to Bible study to learn the word of God and to know how to live for him and to obey him.

Unbeliever – to come to Bible study people going to know that I don't know how to find the scriptures; I don't want to be embarrassed. Church people will talk about you, because that's what they do.

Believer – Don't feel embarrassed because you are not the only one that don't know where the scriptures are. Sometimes I go the index to find certain books of the Bible because I am not familiar with them because I don't read certain parts of the Bible all the time. I will it with you and we can find the scriptures together.

Unbeliever – Well I need all the strength I can get and if this will help me, I will come to bible study, but first I must find me a ride.

Believer – Is it ok if I pick you up for Bible study because I don't mind.

Unbeliever – Yes you can pick me up and I will be waiting. Thank you

Believer – You are welcome, and I will pick you up Wednesday at 7 o'clock.

Epistemological Argument – The argument that human reasoning is futile without moral standards, and that those standards in turn presuppose God.

Unbeliever – when I leave church Sunday I am going out with some old friends. Since I have joined church, I have not seen them in a long time.

Believer – It's good to run into some old friends. Want you invite them to come to worship with you to this Sunday.

Unbeliever – I don't think they want to come to Church because they are going to go to club Joe have some drinks.

Believer – As a child of God we cannot allow people to stumble and fall. We are to let our light shine before men that they may see our good works and Glorify our father which is in Heaven. Don't allow the enemy to used them to pull out into the world. Stand on what you know what is right. You go to Church and they don't, and they don't want to go. So, don't allow the enemy to work through them to get you back were you used to be and that is in the world. The word tells us how can to walk together except they be in agree.

Unbeliever – In agree

Believer – What do you all have in common now., you have to have something in common, like and do the same things because if not you will all be in disagreement with one another. And you all will feel out of place.

I see what you are saying now. I rather for them to come go to Church with me and if now I will not go with them because I don't like disagreement and confusion.

Believer – Yes and what a wonderful idea. The enemy comes to still kill and destroy, but Jesus said I came that you may have life and have it more abundantly.

Unbeliever – I will see you Sunday.

Believer – O.K see you Sunday.

Metaphysical Argument – Is the type of philosophy or study that uses broad concepts to keep reality and our understanding.

Unbeliever – There is no God and I don't believe that God created everything.

Believer- Why will you say that there is no God. After all that God has done in your life and it was nobody but God that brought you out of all the things you have gone through.

Unbeliever – No!!! It is what I have done for myself. I took medicine and healed my body.

Believer – God is the healer and it is God who gave man the knowledge and wisdom to make the medicine for our physical bodies. He is our healer and he is the creator and sustainer of the universe.

Unbeliever - I do not read the Bible. Where in the Bible that tells you that God is the creator.

Believer - In Genesis Chapter 1. In the beginning God created the Heavens and earth.
Exodus 15:26 For I am the Lord who heals you. It is the Lord who create and who heals our bodies and it is for His glory.

Unbeliever - Ok although you showed me in the Bible, but it is still hard to believe that a God you can't see do that.

Believer - You are to walk by faith and not by sight. You must believe what you can't see and since you can't see it with your natural eye you have to believe that it is. If you can believe that a chair can hold you up before you set in it without thinking about falling, that's faith. And that is the way it is with God; you must have the same faith with Him.

Unbeliever – Well I question prove a point.

Believer – If you want more understanding and to grow in God's word, come go with me to Bible study because it is so much to learn and you can ask question.

Unbeliever – I guest I will go with you nest time but not this time.

Believer – OK and that is a start. I will give you my number and me when you are ready.

Unbeliever – Can I call you next Wednesday for Bible?

Believer – Yes you may.

Unbeliever – Thank you
