

## Patient Problems (Nursing Diagnoses)

List two potential patient problems based on research you will be addressing as part of your nurse's notes, along with clinical reasoning, goals/expected outcomes, assessments, and priority nursing interventions. The patient problems must be in priority order. For Clinical Day 1 only three interventions are needed out of the five. **For Clinical Day 2 all five interventions must be completed.**

Problem # 1:

Clinical Reasoning:

Goal/EO:

Ongoing Assessments:

- a.
- b.
- c.
- d.

NI: 1.

2.

3.

4. (*Day 2*)

5. (*Day 2*)

---

Problem # 2

Clinical Reasoning:

Goal/EO:

Ongoing Assessments:

- a.
- b.
- c.
- d.

NI: 1.

2.

3.

4. (*Day 2*)

5. (*Day 2*)
