

Label the coronary arteries on the diagram below. For the bolded arteries, state what portion of the heart they feed.

- **Left Anterior Descending (LAD)** - front of the left side of the heart
- **Right Coronary Artery** - Supplies blood to RA, RV, part of posterior LV
- **Left Coronary Artery** - AV node and bundle of His
Left anterior descending and left circumflex
- **Left Circumflex** - Supply blood to LA, LV, interventricular septum, and part of RV
- Aorta
