

MHR SON Star Nomination Form

Date submitted: 03/21/2023

Name of person submitting nomination: Logan Clark

Name of student nominated: Sydney Auen

Tell us what makes this student a star: During the week of 3/14 and 3/15, Myself, Gracie, and Kara were in clinical and Sydney was our clinical resource nurse. Sydney was so helpful during both days. She was always making sure if we needed help she was there to help us. She not only helped our clinical group but, she went out of her way and helped other nurses on the unit which the nurses were very thankful for. Sydney made our clinical day so much less stressful by doing the little things. We were very thankful to have her as our clinical resource nurse!
