

Beebe Healthcare
Margaret H. Rollins School of Nursing
Nursing 101 - Foundations of Nursing
Day 1 Class Prep Assignment

1. According to the Beebe Healthcare's Hand Hygiene policy, identify a situation in which a healthcare worker should use only soap and water to clean their hands. Then identify a situation where a healthcare worker could use waterless hand rub.

- a. Soap and water only: After using the Restroom.
- b. Waterless hand rub: After contact with a patient's intact skin.

2. Go to the ATI Module for Infection Control/Isolation found under "Foundational Nursing Practice" in Engage Fundamentals 2.0. Find the "Types of Precautions" lesson and watch the Video called "Transmission-Based Precautions." Why was the patient in the video on contact precautions?

Due to the infection on his leg.

3. While reviewing the Basic Skills videos, you should notice similarities between the nurse/patient interactions in each video. Based on your observations, what are two (2) things you should do **before** providing any care to your patient?

- a. Address the patient by name and introduce yourself and what you will be doing for them.
- b. Check the Patients name and date of birth on their medical bracelet.

4. Fill in the correct medical abbreviations for the following terms:

Bedtime	HS
Four times a day	QID
Dx	Diagnosis
BR	Bedrest
CXR	Chest x-ray
Head of bed	HOB
