

I, Chloe Sylvester, recognize that as a nurse, I have a professional commitment to myself. I will honor this commitment by continuing my education and maintaining confidence in my skills throughout my career.

I recognize that I also have a professional commitment to the profession of nursing. I will honor this commitment by maintaining accountability for my actions and always advocating for my clients to ensure they receive patient-centered care.

I accept that I am responsible for presenting a positive and professional image of nursing. Ways that I will honor this commitment will include utilizing appropriate medical terminology and language and patient education language when appropriate. I will also ensure to maintain correct uniform and appearance to ensure I am prepared each and every day.

The profession of nursing is one that requires adherence to an established code of ethics. I will uphold these ideals to ensure the care I provide those I care for receive the highest quality of care I can give. As a student of nursing, I believe this commitment begins now. Therefore, I pledge to uphold these commitments to professionalism to the best of my abilities from this point in my nursing education and continuing throughout my career as a nurse.
