Margaret H. Rollins School of Nursing
Nursing 102 - Nursing Care of Adults

1. Research at least two professional organizations on the internet. What professional organizations are you interested in joining? Why?

I am interested in joining the oncology nursing society and National society of orthopedic Nurses because these are the two fields I am drawn to, and these are communities that support and strive for more education and growth.

2. Access the website for your state nurses' association. List 2 advantages to joining the association. What are your thoughts about joining?

DNA- provides many community events and resources to enhance your career.

- I would be willing to join based on how helpful the community portrays.

3. Imagine a conversation with a nurse recruiter for the next 2 questions:
 - a. Discuss your personal qualities that would be an asset when working as a professional nurse. List those qualities here (at least 3).
 1. my ability to remain composed under stressful events /or pressure.
 2. my friendly attitude and ability to work as a team.
 3. my ability to accept constructive feedback in a positive way .
 - b. Discuss with the recruiter the type of role you are interested in pursuing once graduating from nursing school. Describe the role here.

I would like to pursue a career path in oncology nursing. This would include: Oncology nurses work with physicians to prevent , diagnose, treat, and manage cancer symptoms as well as provide palliative care. oncology nurses also provide emotional support and companionship to them

4. What are your interests? Discuss how your interests and personal qualities will contribute to your role as a professional nurse.

I enjoy reading and painting. I believe I have a very bubbly and optimistic personality will help me build a healthy rapport with my patients. my creative interest can allow me to provide distractions and outlets for healing.
