Nursing 102 - Nursing Care of Adults

ATI Professionalism - 2024

AFTER WATCHING THE FOLLOWING MODULE, THE STUDENT WILL BE ABLE TO:

- Discuss preparation for the licensure examination.
- Analyze various nursing organizations.
- Summarize qualities needed when functioning as a nurse.

- Navigate to the Learn tab in ATI and access Nurse's Touch: Becoming a Professional Nurse.

- Choose the module titled *Professional Nursing Practice*.

- Engage with the scenario and respond to the associated questions.

- Upon completion, proceed to the module test and retake it until achieving a minimum score of 80%. Download the module's report with both the lesson and test grade noted.

- Submit both the downloaded report, answered questions, and your updated N102 Professionalism Pledge to the designated Dropbox labeled "ATI Professionalism" by 1500 on May 10th, 2024, to receive a class preparation grade.

Nursing 102 - Nursing Care of Adults

1. Research at least two professional organizations on the internet. What professional organizations are you interested in joining? Why?

American Association of Neuroscience Nurses - interested due to my own history with neurologic issues I can learn a lot more and create a network of nurses and people who are truly interested and have information about neuro

Oncology Nurses Society - interested in it because of how important it is to help take care of patients with cancer and I saw the impact nurses can make to these patients last semester

2. Access the website for your state nurses' association. List 2 advantages to joining the association. What are your thoughts about joining?

It can help to build a community of nurses around me, I would be able to meet lots of nurses and create long lasting relationships. It can also help me grow my career.
I would want to join it has a ton of benefits, which would greatly benefit me.

3. Imagine a conversation with a nurse recruiter for the next 2 questions:
 - a. Discuss your personal qualities that would be an asset when working as a professional nurse. List those qualities here (at least 3).

hard worker, truly want to help patients, able to work as a team

- b. Discuss with the recruiter the type of role you are interested in pursuing once graduating from nursing school. Describe the role here.

Ideally, I would like to be in a hospital working in pediatrics. But at the same time, I could also see myself working in an office like South Coastal with cancer patients and creating these amazing relationships with them and helping them through this tough time.

4. What are your interests? Discuss how your interests and personal qualities will contribute to your role as a professional nurse.

A big interest of mine is helping others and just trying to make the world a better place. I am also a very friendly person and can talk and help whoever it might be. Those things will help me be an amazing nurse and provide wonderful care.
