Caring for the Surgical Client Class Prep 10/17/24

For your class preparation assignment, please complete the virtual simulation titled "Engage Adult Medical Surgical: Caring for the Surgical Client" and upload your completion summary to the dropbox labeled "Postop Class Prep" by **0830 on October 17, 2024.**

The virtual simulation, which takes approximately 20 minutes, focuses on the postoperative nursing care of Daphne Nieto, a patient who has undergone a colon resection. During this simulation, you will utilize the clinical judgment model to assess your reasoning and make necessary corrections.

To access this virtual learning experience, navigate to ATI > My ATI > Engage Adult Medical Surgical RN > select the concept "Surgical Nursing" > choose the lesson "Caring for the Surgical Client" > then select "Topics" at the top > and finally, choose "Virtual Application."
