

Beebe Healthcare
Margaret H. Rollins School of Nursing
Nursing 101 - Foundations of Nursing
Day 1 Class Prep Assignment

1. According to the Beebe Healthcare's Hand Hygiene policy, identify a situation in which a healthcare worker should use only soap and water to clean their hands. Then identify a situation where a healthcare worker could use waterless hand rub.
 - a. Soap and water only: After leaving a patient's room with isolation precautions.
 - b. Waterless hand rub: After performing a head-to-toe assessment on a patient and you are exiting the room.

2. Go to the ATI Module for Infection Control/Isolation found under "Foundational Concepts of Nursing Practice" in Engage Fundamentals 2.0. Find the "Types of Precautions" lesson and watch the Video called "Transmission-Based Precautions." Why was the patient in the video on contact precautions?

The patient was on contact precautions due to an infection on his foot.

3. While reviewing the Basic Skills videos, you should notice similarities between the nurse/patient interactions in each video. Based on your observations, what are two (2) things you should do **before** providing any care to your patient?
 - a. Verify the patient's name and date of birth.
 - b. Inform the patient on what is happening before it is performed.

4. Fill in the correct medical abbreviations for the following terms:

Bedtime	HS
Four times a day	QID
Dx	Diagnosis
BR	Bedrest
CXR	Chest X-Ray
Head of bed	HOB
IVF	Intravenous Fluids
