Stage 1 (2 of 2 Correct)	
Scenario	Case management nurse Darcy and student nurse Jamie are visiting with Mr. and Mrs. Silver.
Character	Nina Stein
Selected Option/ Result	"Tell me what is concerning you most." Result: Correct
Rationale	Open-ended questions are a therapeutic communication technique because they allow the client to direct the conversation and verbalize related thoughts and concerns.
Character	Steve Silver
Selected Option/ Result	"I will explain everything that is in the papers." Result: Correct
Rationale	Reflection is a therapeutic communication technique because it directs questions and feelings back to the client in relation to what the nurse understood and heard, while encouraging the client to explore feelings and ideas about a situation.
Stage 2 (2 of 2 Correct)	
Scenario	Case management nurse Darcy is meeting with healthcare team members regarding Mr. and Mrs. Silver's transfer to the skilled unit.
Character	AP Trudy
Selected Option/ Result	"We need to involve their daughter in all decisions about their care, so could you go invite her to meet with us?" Result: Correct

Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Character	Student nurse Jamie	
Selected Option/ Result	"We need to continue to remind Mrs. Silver of the move."	Result: Correct
Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Stage 3 (1 of 2 Correct)		
Scenario	Nurse Darcy is discussing Mr. Silver and Nina's concerns about the transfer.	
Character	Nina Stein	
Selected Option/ Result	"I understand what you are going through."	Result: Incorrect
Rationale	Minimizing the client's feelings is a nontherapeutic communication technique because these belittling remarks show a lack of empathy and understanding, and can cause the client to feel insignificant or unimportant.	
Character	Steve Silver	
Selected Option/ Result	"When did she start acting differently?"	Result: Correct
Rationale	Focused questions are a therapeutic communication technique because they allow the nurse to clarify a message, collect data, encourage feedback, and confirm the client's ideas and beliefs.	
Stage 4 (2 of 2 Correct)		
Scenario	Mr. and Mrs. Silver are not receiving the requested foods in the skilled facility.	
Character	Aide Tim	
Selected Option/ Result	"I'll meet with the dietitian to discuss this issue."	Result: Correct
Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Character	Steve Silver	
Selected Option/ Result	"Tell us more about the foods that are appropriate for your diet."	Result: Correct

Rationale	Open-ended questions are a therapeutic communication technique because they allow the client to direct the conversation and verbalize related thoughts and concerns.	
Stage 5 (1 of 2 Correct)		
Scenario	Nurse Darcy has a care conference to discuss Mrs. Silver's care.	
Character	Nina Stein	
Selected Option/ Result	"I hear you say that your father is tired and that you're concerned about your mother's safety, but you want to know about other options."	Result: Correct
Rationale	Exploration is a therapeutic communication technique because it encourages the client to delve deeper into a topic or issue of concern.	
Character	Steve Silver	
Selected Option/ Result	"I understand how difficult this is for you."	Result: Incorrect
Rationale	Automatic and stereotypical comments are nontherapeutic communication technique because the use of clichés minimizes the client's importance and concerns.
