|                       | Date       | Time Use      | Score |
|-----------------------|------------|---------------|-------|
| LESSON                | 10/21/2024 | 14 min 12 sec | N/A   |
| Client Chart Activity | N/A        | N/A           | N/A   |

## Lesson Information:

### Lesson - History

| Total Time Use: 34 min |                        |               |            |
|------------------------|------------------------|---------------|------------|
|                        | Date/Time              | Time Use      | EHR Status |
| Lesson                 | 10/21/2024 10:52:24 AM | 14 min 12 sec | N/A        |
| Lesson                 | 10/11/2024 1:26:08 PM  | 19 min 38 sec | N/A        |

Instructor feedback can be viewed by accessing the link on the online version of this report. If your instructor has enabled the EHR Expert Chart, you may view the example in the enclosed page

## Engage Maternal Newborn EHR Expert Chart Hina Kanna

*This expert chart is intended to assist in evaluating student performance in documentation for this activity. Only the tabs and tables of the chart that warrant entries are included.*

Hina Kanna

**Sex assigned at birth:** Female

**MRN:** 13096102

**DOB/Age:** 03/29/XX; 17 years

**Attending:** Kelly Mack, CNM

**Height:** 61 in

**Allergies:** none

**Weight:** 159 lb

**Code Status:** Full code

**Comments:** none

### Care Plan

| Obstetrics            | Result                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
