

- Click on **MY ATI**
- Click **ENGAGE PEDIATRICS RN**
- Select “*Health Alterations in the Pediatric Population*”
- Select **CARDIOVASCULAR SYSTEM**
- Click on Cardiovascular System Menu (top left corner)
- Click on **Lessons** dropdown

Complete the following lessons:

- ✓ Anatomy & Physiology
- ✓ Congenital Heart Defects
- ✓ Heart Failure
 - Listen to podcast at the end of the lesson

Upon completion of above lessons:

- Select **Results** at the top of ATI page
- Locate module under Engage Pediatrics RN
- Click on **Lesson** under module activity
- This will bring you to your Individual Performance Profile page
- Select **Download Report**
- Submit this report to my E360 mailbox NLT 11/8/24 @ 0830

***I will begin the Newborn Cardiac lecture on Friday asking questions related to this activity! ***
