

## Margaret H. Rollins School of Nursing Nursing 102 Skills Checklist

**Instructions:** During the course of this semester you will need to become proficient in many new skills, as well as continue to perfect previously learned skills. You will need to utilize open lab time to practice and be signed off on the below skills to prove competency. Two peers (First-year or Senior level) will need to witness you completing the skills satisfactorily. Access your procedure checklists to ensure that skills are being performed correctly.

**Student's Name:** \_\_\_\_\_

**Due Date:** Friday, March 21<sup>st</sup>, 2025 (Bring to Midterm Evaluation)
