**Math for Clinicians > Custom Assessment #1**

Question 1 (Conversions > Converting between mL and L)

*Math for Clinicians: Correct*

Question 2 (Conversions > Converting between mL and L)

*Math for Clinicians: Correct*

Question 3 (Conversions > Converting between mL and L)

*Math for Clinicians: Correct*

Question 4 (Conversions > Converting between mcg, mg, g and kg)

*Math for Clinicians: Correct*

Question 5 (Conversions > Converting between mcg, mg, g and kg)

*Math for Clinicians: Correct*

Question 6 (Conversions > Converting between mcg, mg, g and kg)

*Math for Clinicians: Correct*

Question 7 (Fractions > Multiplying fractions)

*Math for Clinicians: Correct*

Question 8 (Fractions > Multiplying fractions)

*Math for Clinicians: Incorrect*

Question 9 (Fractions > Dividing fractions)

*Math for Clinicians: Incorrect*

Question 10 (Fractions > Dividing fractions)

*Math for Clinicians: Correct*

Question 11 (Fractions > Converting fractions to decimals)

*Math for Clinicians: Incorrect*

Question 12 (Fractions > Converting fractions to decimals)

*Math for Clinicians: Correct*

Question 13 (Percentages > Converting percentages to decimals)

*Math for Clinicians: Correct*

Question 14 (Percentages > Converting percentages to decimals)

*Math for Clinicians: Correct*

Question 15 (Percentages > Converting decimals to percentages)

*Math for Clinicians: Correct*

Question 16 (Percentages > Converting decimals to percentages)

*Math for Clinicians: Correct*

Question 17 (Decimals > Adding decimals)

*Math for Clinicians: Correct*

Question 18 (Decimals > Adding decimals)

*Math for Clinicians: Correct*

Question 19 (Decimals > Dividing whole numbers)

*Math for Clinicians: Correct*

Question 20 (Decimals > Dividing whole numbers)

*Math for Clinicians: Correct*
