BEEBE HEALTHCARE
Margaret H. Rollins School of Nursing
Nursing 102 - Nursing Care of Adults

1. What characteristics of a professional nurse did Mandy demonstrate when asked to attend a hospital committee meeting on a day off? **At first, she was hesitant because it was her day off. However, she owned up to the opportunity because the hospital was low staffed and was in need of help.**
 - a. Would you be willing to come to work for a meeting on a day off? Why or why not? **I think it depends on how essential and important the meeting was. If I was in Mandy's position, I would probably be willing to come into work on a day off. It is important to provide competent care for clients and if they are short staffed, a safe environment will not be created. So, if I had the time, I would attend the committee meeting.**
2. What is the purpose of the ANA Code of Ethics?
The purpose of the ANA Code of Ethics is to display nurses' commitments to clients, individuals, families, and the community. It helps place nurses accountable for what they do and to demonstrate integrity. It is also a succinct statement that included the ethical obligations and duties of every individual who enters the nursing profession.
3. What provisions within the Code of Ethics did Mandy demonstrate?
She took the responsibility to advance the nursing profession by completing the mandatory competency assessments to continue her education. This helps ensure that nurses are able to provide the appropriate evidence-based care.
4. Why did Mandy talk with Richard (assistive personnel) about the vital signs not being within reference range for Ms. Kelly? **She talked to Richard about the vital signs within reference range because she wanted to ensure safety for her client. Vital signs are a key tool to provide care and it is important that they are measured properly and documented correctly.**
 - a. What elements of professionalism did Mandy demonstrate regarding the reevaluation of Ms. Kelly's vital signs?
The element of professionalism that Mandy demonstrated regarding the reevaluation of Ms. Kelly's vital signs was the responsibility for high-quality care. The doctor needed the vital signs in order to create a plan of care, so the contribution of reevaluating the vital signs was impactful.
5. What provisions within the Code of Ethics did Mandy demonstrate when communicating with Richard? **The provision that Mandy demonstrated when communicating with Richard was honoring human dignity by practicing with compassion and respect. She was able to properly address the problem without bashing or degrading Richard and went back to recheck the vital signs.**
6. What behaviors are essential to demonstrate professionalism?
The behaviors that are essential to demonstrate professionalism is remaining committed to the needs of others, being accountable for everything done, and serving as an advocate for a client's desired needs.

7. What is the purpose of attending continuing education in nursing?

The purpose of attending continuing education in nursing is to remain knowledgeable of evidence-based practices to promote the health of clients and their families. It also helps facilitate nursing practices as new changes occurs.

8. Is it essential for a nurse to continually attend formal nursing education?

It is essential for a nurse to continually attend formal education because it helps increase a nurses' competency within their care. It is essential that nurses provide quality evidence-based practice to ensure that the clients are safe and well taken care of.

Nursing Professional Self-Pledge

I, Ayanna Williams, recognize that as a nurse, I have a professional commitment to myself. I will honor this commitment by: (give a minimum of two actions you will take to fulfill a professional commitment to yourself such as actions you might take to demonstrate a commitment to life-long learning, self-care or developing resilience)

I will honor this commitment by completing all the mandatory competencies in an efficient manner and establishing a routine to stay organized in order to provide successful and productive patient-centered care.

I recognize that I also have a professional commitment to the profession of nursing. I will honor this commitment by: (give a minimum of two actions you will take to fulfill a professional commitment to nursing such as actions you might take to advance the science of nursing, care for vulnerable populations or advocacy)

I will honor this commitment by advocating for those who are in a vulnerable state by establishing their desired wishes and showing empathy to my clients to show that I am there for them.

I accept that I am responsible for presenting a positive and professional image of nursing. Ways that I will honor this commitment will include: (give a minimum of two actions you will take to present a positive and professional image of nursing such as conduct, language, or appearance)

I will honor this commitment by not using profane language in the work/school environment and continue to follow the dress code to portray professional characteristics.

The profession of nursing is one that requires adherence to an established code of ethics. I will uphold these ideals to ensure the care I provide those I care for receive the highest quality of care I can give. As a student of nursing, I believe this commitment begins now. Therefore, I pledge to uphold these commitments to professionalism to the best of my abilities from this point in my nursing education and continuing throughout my career as a nurse.
