

**Margaret H. Rollins School of Nursing
N201 Nursing Care of Special Populations
MENTAL HEALTH NURSING**

Class Preparation

Directions: Answer the following questions:

1. What is your perception of an individual with a mental illness? **Someone who struggles with a mental health illness is unable to regulate how they perceive situations that they are faced with.**

2. What would you say to a depressed client who was admitted to a psychiatric facility after attempting suicide?

What emotions were you feeling at the time that caused you to attempt suicide? While in the psychiatric facility, we will provide resources that will help you regulate the overwhelming feelings you may experience.

3. What is a Mental Status Examination?

A collection of personal information such as age, gender, marital status, religion, race, employment, ethnicity
