Stage 1 (2 of 2 Correct)	
Scenario	Case management nurse Darcy and student nurse Jamie are visiting with Mr. and Mrs. Silver.
Character	Nina Stein
Selected Option/ Result	"Tell me what is concerning you most." Result: Correct
Rationale	Open-ended questions are a therapeutic communication technique because they allow the client to direct the conversation and verbalize related thoughts and concerns.
Character	Steve Silver
Selected Option/ Result	"I will explain everything that is in the papers." Result: Correct
Rationale	Reflection is a therapeutic communication technique because it directs questions and feelings back to the client in relation to what the nurse understood and heard, while encouraging the client to explore feelings and ideas about a situation.
Stage 2 (2 of 2 Correct)	
Scenario	Case management nurse Darcy is meeting with healthcare team members regarding Mr. and Mrs. Silver's transfer to the skilled unit.
Character	AP Trudy
Selected Option/ Result	"We need to involve their daughter in all decisions about their care, so could you go invite her to meet with us?" Result: Correct

Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Character	Student nurse Jamie	
Selected Option/ Result	"We need to continue to remind Mrs. Silver of the move."	Result: Correct
Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Stage 3 (0 of 2 Correct)		
Scenario	Nurse Darcy is discussing Mr. Silver and Nina's concerns about the transfer.	
Character	Nina Stein	
Selected Option/ Result	"I understand what you are going through."	Result: Incorrect
Rationale	Minimizing the client's feelings is a nontherapeutic communication technique because these belittling remarks show a lack of empathy and understanding, and can cause the client to feel insignificant or unimportant.	
Character	Steve Silver	
Selected Option/ Result	"Why doesn't she want to get out of bed?"	Result: Incorrect
Rationale	Asking a "why" question is a nontherapeutic communication technique because it can be perceived as accusatory, causing the client to become defensive and mistrust the person who asked the question.	
Stage 4 (1 of 2 Correct)		
Scenario	Mr. and Mrs. Silver are not receiving the requested foods in the skilled facility.	
Character	Aide Tim	
Selected Option/ Result	"I'll meet with the dietitian to discuss this issue."	Result: Correct
Rationale	Assertive communication is an effective style of interpersonal communication because the nurse uses a combination of honesty and tactfulness to ensure the rights of self and others.	
Character	Steve Silver	
Selected Option/ Result	"No one is intentionally providing you with the wrong food."	Result: Incorrect

Rationale	Giving a defensive response is a nontherapeutic communication technique because it implies that the client does not have the right to express personal feelings.	
Stage 5 (0 of 2 Correct)		
Scenario	Nurse Darcy has a care conference to discuss Mrs. Silver's care.	
Character	Nina Stein	
Selected Option/ Result	"I believe the best option is to transfer you mother."	Result: Incorrect
Rationale	Giving advice is a nontherapeutic communication technique because it takes away the client's decision-making ability and creates doubt in relation to decisions made.	
Character	Steve Silver	
Selected Option/ Result	"Are you afraid to be alone?"	Result: Incorrect
Rationale	Asking a closed-ended question is a non-therapeutic communication technique because it does not allow the client to express what he is thinking or how he is feeling.
