

Project 6.1.2 Evaluation Rubric

Topics	4 points	3 points	2 points	1 point	Teacher Comments
Teamwork in the field	Team is prepared with all equipment. Tasks are shared. Team is task oriented and cooperative. Procedures are followed carefully, thoroughly and efficiently. All equipment is returned and stored properly.	Team is prepared with all equipment. Tasks are shared. Team is task oriented and cooperative. Procedures are followed incompletely, sloppily, or slowly. Equipment is not returned properly.	Team is prepared with all equipment. Team does not cooperate. Procedures are followed incompletely, sloppily, or slowly. Equipment is not returned properly.	Team is unprepared. Team does not cooperate. Procedures are followed incompletely, sloppily, or slowly. Equipment is not returned properly. Project is not completed in allotted time.	
Site Data Sheet	Data sheet is complete, neat, and carefully completed. Data is understandable and useable to a non-group member.	Data sheet is incomplete, sloppy, or not carefully completed. Data is understandable and useable to a non-group member.	Data sheet is incomplete, sloppy, or not carefully completed. Data is not understandable and useable to a non-group member.	Data sheet is incomplete or incomprehensible	
Site Map	<ul style="list-style-type: none"> • Major land features included. • Vegetation types sketched and labeled. • Latitude and longitude noted. • North Indicated. • Scale included. • Map is neat and accurate. 	<ul style="list-style-type: none"> • Major land features included. • Vegetation types sketched and labeled. • Latitude and longitude noted. • North Indicated. • Scale included. • Map is sloppy and inaccurate. 	<ul style="list-style-type: none"> • Major land features included. • Vegetation types sketched and labeled. • Latitude and longitude missing. • North not indicated. • Scale not included. • Map is sloppy and inaccurate. 	<ul style="list-style-type: none"> • Major land features missing. • Vegetation types incomplete. Latitude and longitude missing. • North not indicated. • Scale not included. • Map is sloppy and inaccurate. 	•
Vegetation Data Sheet	The data sheet includes a reasonable number of species for the site. The majority of the species have been tentatively identified. The details for each species are complete.	The data sheet includes a reasonable number of species for the site. Half of the species have been tentatively identified. The details for each species are not complete.	The data sheet does not include a reasonable number of species for the site. Half of the species have been tentatively identified. The details for each species are not complete.	The data sheet does not include few species for the site. Less than half of the species have been tentatively identified. The details for each species are not complete.
