

**Project 5.2.2 Evaluation Rubric**

<b>Topics</b>	<b>4 points</b>	<b>3 points</b>	<b>2 points</b>	<b>1 point</b>
<b>Replication of Flower</b>	Model accurately shows detail of the flower structures and each structure is easily identifiable.	Model shows each flower structure within reasonable clarity for identification.	Not all flower structures are represented although those included are clearly identified.	Some of the flower structures are replicated although they are difficult to identify clearly.
<b>Labels</b>	Each structure is clearly labeled and free from spelling errors. All labels are clearly visible and easy to read.	Each structure is labeled but there is one misspelling. Most labels are easy to locate and read.	One structure is missing a label or there are two to three misspellings. Many labels are difficult to locate or read.	Two to three structures are missing labels or there are four or more spelling errors. Most labels are unclear or difficult to read.
<b>Craftsmanship</b>	The model is very attractive and has good detail and use of color.	The model is well constructed but lacks color and detail clearly showing the flower structures.	Detail is lacking and some aspects of the model are carelessly constructed.	The model is lacking structures or the structures are not clearly identifiable. Other aspects of the model, such as color are not very clear or missing.
