AFNR
SAE Project Assignment #1
Due date: Monday, October 5th, 2020

1. Type in 12 font and double space.
2. Choose 4 agriculture projects that you can do during this school year.
3. You will choose 1 project out of the 4 listed. Circle or star the project you will do. The other 2 projects are back up projects in case the first fails or can only be done in warm weather. All projects should be something that you can do!
4. If for some reason you have not written down any project ideas you can either use the SAE Idea Cards or the packet provided to help you choose projects. Label it with the appropriate SAE type and your name. Each project should be something you could do.

SAE Project Assignment #2

Due date: 9/29/20

SAE Project: Placement- Developing a vegetable garden for my mom.

Goal #1: Measure the backyard and develop a list of vegetables to plant in the garden by October 15th, 2020.

Goal #2: Research the vegetables to be planted. Indicate the time they should be planted, water requirements, and light and temperature requirements by December 1st, 2020.

Goal #3: Plot the vegetable garden on paper by January 15th, 2020. Set 1-2 hours to draw the vegetable garden including the size of the plot, what vegetables to grow in the plot and location, and when to start the planting process.

SAE Project Assignment #3
<mark>Due by the 1st of every month.</mark>
(First Journal due November 2nd, 2020)

1. Each week you will **write at least 1 entry or more** in your student journal per week.
2. You will need to fill out your SAE hours log.
3. Each entry will include the **date and hours** worked on the SAE project. Money spent or earned from the project.
4. The entry should **include specific tasks** and if you accomplished one of the SAE goals you created.

5. *Example: October 15, 2020. 1 hour. I transplanted 10 spider plants into a peat moss/osmocote mix. Then I watered the transplanted spider plants. My goal is to transplant 100 spider plants by December 15, 2020 .*

6. SAE earnings and investments will be at least <u>$300</u> or at least <mark>50 hours outside of class time</mark> by **the end of the semester.**
7. Total your SAE hours at the end of each journal page. The total hours of your year long project should be on the last page of your journal entries.

** If you reach the 50 hours or earnings and investments of $300 before the end of the semester <u>you must still continue to write a journal. This is a semester long project.</u> **

AFNR
SAE Project Assignment #4
Due Date: Thursday January 7th, 2021

1. You will take 6 different pictures of you participating in your SAE project. This should be done throughout your project.

2. Each picture should show some aspect of your SAE project.

3. Three of your pictures should be the 3 SAE goals you set. Explain in the caption how these three pictures represent your 3 goals and how you achieved them.

4. At least one picture should show you participating in your SAE project. I need to see your face and you participating in the picture. Not just a hand.

5. Each picture should contain a caption of what you are doing in the picture. Captions can be 1-2 sentences long. They should be specific.

6. Each picture with caption will have its own page and can be put into a folder, binder, or report cover, or stapled together. Do not give me loose pictures with captions on the back.

Picture here.

Caption and goal here.
