

Plagiarism & Academic Honesty Policy

Academic honesty and integrity in this and all courses is required for all discussions and assignments.

Anytime there is a question of original work, the information will be submitted to an online plagiarism service for evaluation. The first time plagiarism is detected, you will be required to re-write and correct your work, and an automatic 50% point deduction occurs. The second infraction will result in automatic expulsion from this program without tuition refund.

A student handbook which contains all of the program's policies is available to all students, and is located in the online course called "Library Resources" in Edvance 360. If you have any access problems or questions, please contact Teresa Warnke by email at warnket@ccf.org or by phone at (216) 444-5966.

When you enter the testing area to sign off on this policy, you will be attesting that you have read, understand, and will abide to this policy.
