

Basic Ostomy Care Education Presentation for the Staff Nurse (20 points)

Develop a PowerPoint presentation with speaker notes that can be used to teach components of basic ostomy care to staff nurses. Include appropriate clip art or photos. See the course syllabus for specific requirements on references for all assignments.

Required content objectives:

1. Differentiate between colostomy, ileostomy, and ileal conduit including anatomy and expected effluent.
2. Describe the healthy stoma and parameters to include in the ostomy assessment.
3. List the steps of a basic pouch change procedure, including pouch preparation, application, and pouch emptying.
4. Discuss activities of daily living for the person with an ostomy, including dietary guidelines, clothing considerations, bathing, and work/recreational activities.
5. Describe signs/symptoms of dehydration in the person with an ileostomy, including management options.
6. Identify irritant dermatitis and pseudo verrucous lesions, nursing management options, and when to refer a patient with an ostomy to a WOC nurse.
