Lesson Title: Final Quiz Testing

Instructions: This didactic course requires the completion of a final quiz. The quiz should be completed on a personal device, such as a desktop or laptop computer, related to the cybersecurity blocks which might be present on a facility/company issued device.

Open the attachment and follow instructions for testing:

Final Quiz Testing

Final testing requires test integrity protection as well as student identification verification. We need to take measures to ensure test integrity and compliance with regulatory agencies. We appreciate your understanding and support. To test, follow the instructions below:

1. Close all open windows and applications leaving the classroom (edvance360) open.
2. Download the lockdown browser.
    a. The lockdown browser download is located on the bottom of the e360 help page.
    b. Links to lockdown browser:
        https://edvance360.com/downloads/LockDownBrowserLabOEMSetup.exe
        MAC: https://edvance360.com/downloads/InstallLatestMac.pkg

3. Go to "Tests" in the classroom and choose the Practice Final - Browserlock check
4. Take the quiz

Good Luck!

If your device is having trouble downloading, installing, or using BrowserLock to use with Edvance360 to take tests, first try to take the test on a personal device or another device before contacting us. Keep in mind, instructor availability of Monday – Friday 0800 – 1600 EST.
