

Microsoft services are designed for you, but maybe not for your browser

Some features might not work correctly with the version of the web browser you're currently using.

To get the most out of Microsoft services, we recommend that you take a few minutes to upgrade to the current version of one of these browsers:

- [Internet Explorer](#)
- [Mozilla Firefox](#)
- [Google Chrome](#)
- [Safari](#)

It's time to update your browser

To get the most out of OneDrive, get the latest version of Microsoft Edge.
