## Experience

Director of Education, **Total Wound Care**, Oklahoma City, OK 2024 – present

- Responsible for developing and delivering orientation programming for both medical and non-medical employees.
- See patients with chronic wounds to assess and develop plan of treatment.
- Coordinate interprofessional care of patients and their families with a focus on Social Drivers of Health.
- Redesigned and maintain company EHR to comply with LCD, ICD 10, and CPT requirements.

Clinical Assistant Professor, **University of Kansas School of Nursing**, Kansas City, KS 2023 – 2025

- Primary Care didactic course faculty: Developed competency-based learning modules by body system, focusing on differential diagnoses, diagnostic reasoning, advanced physical assessment, and therapeutic approaches across the lifespan. Integrated palliative care content throughout courses as a new pillar of graduate nursing education.
- Clinical Placement Coordinator – Responsible for developing academic practice partnerships for permanent placement of APRN clinical experiences.
- Primary Care practicum course faculty – Assist in creating and teaching content for on-campus skills days; monitor student clinical logs to ensure compliance with experiences across the lifespan.
- DNP Scholarship didactic course faculty – Developed a three-course sequence to teach competencies of DNP scholarship from project proposal to dissemination.

APRN, **Kansas City Hospice & Palliative Care**, Kansas City, MO 2020 – 2024

- Facilitate difficult conversations regarding goals of care and advance care planning with patients, families, interdisciplinary team members, and other providers.
- Prepare and maintain accurate patient records, charts, and documents to support the medical practice and reimbursement for acute inpatient, home, and long-term care services.
- Prescribe medications, including controlled substances, to the extent delegated and allowed by law.
- Member of the Quality Improvement Council.
- Created orientation curriculum for newly hired physicians, APRNs, PAs, and Fellows, including interactive video and patient simulation.

APRN, **CVS Minute Clinic**, Overland Park, KS 2019 - 2020

- Provided walk-in, acute healthcare for patients as young as 18 months, including assessment, diagnostics, counseling, and treatment.
- Facilitated transfer to Primary Care for the first “Healthcare Hub” in Kansas, including workflow and strategies incorporating more advanced diagnostics, collaborative care with additional team members, and patient referral management.
- Assigned Advance Practice role to launch point of care COVID-19 testing to serve our clients and community better.

Registered Nurse, **Kansas City Hospice & Palliative Care**, Kansas City, MO 2017 - 2019

- Provided acute and unplanned care for Hospice patients with exacerbated and unmet symptom burden.

## Jason G. Gray, DNP, APRN, FNP-BC

- Facilitated and conducted admissions to both Hospice and Palliative Care programs.
- Created expedited process for patient admissions, reducing time-on-task, which was adopted division-wide.

Registered Nurse, **Olathe Health Systems**, Olathe, KS 2016 - 2017

- Complete authority and responsibility to coordinate and manage care for the department-wide census as sole nursing provider during weekend hours.
- Responsible for physician-initiated hospital consults to expedite patient admissions.

Graduate Teaching Assistant, **University of Kansas**, Kansas City, KS 2014 - 2016

- Facilitated interprofessional learning of students with a focus on educational simulation.
- Developed and implemented a high-fidelity medication dispensary across interprofessional departments.

Unit Coordinator, **University of Kansas Medical Center**, Kansas City, KS 2013 - 2016

- Accountable to administration for managing a 20-bed unit that provided intensive care to a diverse population of patients with neurologic, neurosurgical, ENT, and plastics crises.
- Mentor and coach staff nurses to improve clinical decision-making and critical thinking.
- Created a database for statistical analysis of quality improvement processes to reduce patient falls.

Registered Nurse, **Integris Baptist Medical Center**, Oklahoma City 2012 - 2013

- Provision of continuous renal replacement therapy along with intensive care of patients with neurologic and traumatic crises.

Registered Nurse, **VA Medical Center**, Oklahoma City, OK 2010 - 2012

- Dual responsibilities of patient care and participating in developing the in-patient Hospice program.
- Decreased throughput times for emergency room patients in collaboration with the Medical Director.

Unit Coordinator, **University of Kansas Medical Center**, Kansas City, KS 2006 - 2010

- Accountable to administration for the management of a 14-bed unit that provided intensive care to a diverse population of patients with neurologic and neurosurgical crises.
  - Served as Chairperson of the Neurosciences Department Practice Council, 2008 – 2010; subsequently delegated role of Co-Chairperson of Critical Care Division Practice Council by the Director of ICUs, 2009 – 2010.
  - Led needs analysis quality improvement measures and wrote the manuscript that led to the AACN Beacon Award for Excellence in the Neuroscience ICU.
  - Served as Acute Stroke Response Team responder.
  - Created, developed, and managed the Stroke Education Team to improve recognition and emergent treatment of acute stroke in the hospital setting and community.
  - Implemented a self-scheduling program and unit census worksheets that led to division-wide adoption for quality improvement.
  - The Practice Council Chairperson led quality improvement measures that garnered the AACN Beacon Award for Excellence in the Medical ICU.
-
