

POLICY AND PROCEDURE ON REPORTING AND REVIEW OF MALTREATMENT OF MINORS
--

I. PURPOSE

The purpose of this policy is to establish guidelines for the reporting and internal review of maltreatment of minors (children) in care.

II. POLICY

Staff who are mandated reporters must report externally all of the information they know regarding an incident of known or suspected maltreatment of a child, in order to meet their reporting requirements under law. All staff of the company who encounter maltreatment of a minor will take immediate action to ensure the safety of the child. Staff will define maltreatment as sexual abuse, physical abuse, or neglect and will refer to the definitions from MN Statutes, chapter 260E at the end of this policy.

Any person may voluntarily report to the local welfare agency, agency responsible for assessing or investigating the report, police department, the county sheriff, tribal social services agency, or tribal police department if the person knows, has reason to believe, or suspects a child is being maltreated. Staff of CHOICE, Inc. cannot shift the responsibility of reporting maltreatment to an internal staff person or position. In addition, if a staff knows or has reason to believe a child is being or has been maltreated within the preceding three years, the staff must immediately (as soon as possible but within 24 hours) make a report to the local welfare agency, agency responsible for assessing or investigating the report, police department, the county sheriff, tribal social services agency, or tribal police department.

Staff will refer to the *Policy and Procedure on Reporting and Review of Maltreatment of Vulnerable Adults* regarding suspected or alleged maltreatment of individuals 18 years of age or older.

III. PROCEDURE

- A. Staff of CHOICE, Inc. who encounter maltreatment of a child, age 17 or younger, will take immediate action to ensure the safety of the child or children. If a staff knows or suspects that a child is in immediate danger, they will call “911” or local law enforcement.
- B. Staff mandated to report maltreatment within a licensed facility will report the information to the agency responsible for licensing the facility. If the mandated reporter is unsure of what agency to contact, they will contact the county agency and follow their direction.
- C. Staff who know or suspect that a child has been maltreated but is not in immediate danger will report to:
 - 1. The local child welfare agency if an alleged perpetrator is a parent, guardian, family child care provider, family foster care provider, or an unlicensed personal care provider.
 - 2. The Minnesota Department of Human Services, Licensing Division, 651-431-6600, if alleged maltreatment was committed by a staff person at a child care center, residential treatment center (children’s mental health), group home for children, minor parent program, shelter for children, chemical dependency treatment program for adolescents, waived services program for children, crisis respite program for children, or residential program for children with developmental disabilities. If the report does not involve possible abuse or neglect, but does involve possible violations of Minnesota Statutes or Rules that govern the facility, a call should be placed to this agency.
 - 3. Minnesota Department of Health, Office of Health Facility Complaints, 651-201-4200 or 800-369-7994, if alleged maltreatment occurred in a home health care setting, hospital, regional treatment center, nursing home, intermediate care facility for the developmentally disabled, or licensed and unlicensed care attendants.
- D. Reports regarding incidents of maltreatment of children occurring within a family or in the community should

CHOICE, Inc.

be made to the local county social services agency or local law enforcement referencing the phone numbers contained within this policy.

- E. When verbally reporting the alleged maltreatment to the external agency, the mandated reporter will include as much information as known to identify the child, any persons responsible for the maltreatment (if known), and the nature and extent of the maltreatment, and the name and address of the reporter.
- F. If the report of suspected maltreatment within CHOICE, Inc., the report should also include any actions taken by the company in response to the incident. If a staff attempts to report the suspected maltreatment internally, the person receiving the report will remind the staff of the requirement to report externally.
- G. A verbal report of suspected maltreatment that is made to one of the listed agencies by a mandated reporter must be followed by a written report to the same agency within 72 hours, exclusive of weekends and holidays.
- H. When the company has knowledge that an external report of alleged or suspected maltreatment has been made, an internal review will be completed. The Designated Manager is the primary individual responsible for ensuring that internal reviews are completed for reports of maltreatment. If there are reasons to believe that the Designated Manager is involved in the alleged or suspected maltreatment, the Executive Director is the secondary individual responsible for ensuring that internal reviews are completed.
- I. The *Internal Review* will be completed within 30 calendar days. The person completing it will:
 - 1. Ensure an *Incident and Emergency Report* has been completed.
 - 2. Contact the lead investigative agency if additional information has been gathered.
 - 3. Coordinate any investigative efforts with the lead investigative agency by serving as the company contact, ensuring that staff cooperate, and that all records are available.
 - 4. Complete an *Internal Review* which will include the following evaluations of whether:
 - a. Related policies and procedures were followed
 - b. The policies and procedures were adequate
 - c. There is a need for additional staff training
 - d. The reported event is similar to past events with the children or the services involved
 - e. There is a need for corrective action by the license holder to protect the health and safety of the children in care
 - 5. Complete the *Alleged Maltreatment Review Checklist* and compile together all documents regarding the report of maltreatment.
- J. Based upon the results of the internal review, the company will develop, document, and implement a corrective action plan designed to correct current lapses and prevent future lapses in performance by individuals or the company, if any.
- K. Internal reviews must be made accessible to the commissioner immediately upon the commissioner's request for internal reviews regarding maltreatment.
- L. Staff will receive training on this policy, MN Statutes, section 245A.66 and chapter 260E and their responsibilities related to protecting children in care from maltreatment and reporting maltreatment. This training must be provided within 72 hours of first providing direct contact services and annually thereafter.
- M. The mandated reporting policy must be provided to parents of all children at the time of enrollment in the child care program and must be made available upon request.
- N. A mandated reporter who knows or has reason to believe a child is or has been maltreated and fails to report is guilty of a misdemeanor. In addition, a mandated reporter who fails to report maltreatment that is found to be serious or recurring maltreatment may be disqualified from employment in positions allowing direct contact

CHOICE, Inc.

with persons receiving services from programs licensed by the Department of Human Services and by the Minnesota Department of Health, and unlicensed Personal Care Provider Organizations.

- O. An employer of any mandated reporter shall not retaliate against the mandated reporter for reports made in good faith or against a child with respect to whom the report is made. The Reporting of Maltreatment of Minors Act contains specific provisions regarding civil actions that can be initiated by mandated reporters who believe that retaliation has occurred.

- (6) medical neglect, as defined in section 260C.007, subdivision 6, clause (5);
- (7) chronic and severe use of alcohol or a controlled substance by a person responsible for the child's care that adversely affects the child's basic needs and safety; or

(b) Nothing in this chapter shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.
