EMPLOYMENT:

Statement of Nondiscrimination

Applicants for employment and volunteering will be considered without regard to race, color, creed, disability, age, religion, national origin, political or union affiliation, marital status, sexual orientation, genetic information or sex.

Background Checks

Upon hire and upon return after a 120 day leave all employees must pass a criminal background study. An individual may begin employment with CHOICE prior to clearance of their background study. If the individual does not pass the study they will be disqualified to work at CHOICE, therefore cannot maintain employment, as CHOICE follows requirements of MN DHS licensing standards. Any employee with responsibilities that include driving a company vehicle or transporting participants in a personal vehicle must pass a Motor Vehicles Record check. These studies will be completed upon employment and at any time thereafter while employed at CHOICE, Inc. It is the responsibility of the employee to complete their portion of the background study (fingerprint and photograph) within the time allotted by DHS. CHOICE, Inc. administration will submit the information provided by the employee upon hire. It is the employee's responsibility to provide proper documentation, accurate information and notify CHOICE of any changes to the documents provided for the file. (Ex: change in address, renewed driver's license, etc.)

Maltreatment and Negligent Care

Any employee investigated by the Department of Human Services and determined to have committed maltreatment or willful neglect in the care of a vulnerable adult or minor child, whether that person is receiving services by CHOICE, Inc. or not, will have their employment terminated at CHOICE, Inc.

Proper Medication Administration

CHOICE, Inc. is committed to proper and safe administration of medication for people receiving services. CHOICE employees are trained and certified to pass medication. Employees are to follow the procedures listed in the Policy and Procedure of Safe Medication Administration. Any medication error or discrepancy detected by an employee is to be reported to the Program Director immediately. Errors are required to be communicated to our consulting nurse. Additional training may be assigned when an employee makes repeated mistakes.

Hiring Authority: All hiring is done with the approval of the Executive Director.

Employment "At Will"– No Employment Contract, Attendance, and Behavior Standards

All employees are employees "at will" and these policies do not constitute an employment contract. An employee has the right to resign employment at any time for any reason with or without notice. CHOICE, Inc. has the right to discharge an employee at any time for any reason (except those specifically prohibited by law) with or without notice. No oral or written statements between an employee and a Program Director or Supervisor or other members of the CHOICE, Inc. administration regarding job assignment, compensation, promotion, job security, or termination will constitute an agreement between the employee and the employer unless it is signed by the Executive Director.

Attendance Standard:

To maintain employment and receive compensation increases and/or bonuses employees are expected to work at minimum 90% of their scheduled days apart from using PTO or when on a qualifying leave of absence. An employee's failure to report to work when scheduled and a

CHOICE, INC. PERSONNEL POLICIES

failure to communicate a reason for the absence will be considered a voluntary resignation. If an employee has requested time off and their supervisor is unable to grant it, the employee is expected to report to work as scheduled.

Behavior Standard:

All employees are expected to maintain a positive and professional demeanor by acting and communicating in a cooperative manner that helps you get along with customers, clients, co-workers, employers, the public and management. Employees will not be discourteous or disrespectful to a client, employer, vendor, our constituents, or any member of the public in the course and scope of CHOICE business. Employees are to abide by company policies and practices.

TIME RECORDS:

Hourly employees are required to record time. Time recorded should be actual time. Employees should plan to work their scheduled time and notify their supervisor and receive permission to work hours not on their schedule. Pay checks are issued every two weeks. Time records should be turned in to your supervisor on the required date (you will receive a document noting the due dates). If a time record is not turned in by the deadline, a paycheck will be issued that may be incorrect and require adjustments to correct at a later date. Please note on the time record your start and end time for each shift work. CHOICE prohibits “off the clock” work and no supervisor or coworker is to instruct an hourly employee to work off the clock. Hourly employees are paid for time worked. Falsification or misrepresentation of your time worked or that of another employee is cause for termination of your employment. Schedules will be adjusted to minimize overtime. Review your paystubs for accuracy and notify your supervisor if you believe an error has been made in your pay, PTO accrual, health and dental contribution, etc.

COMPENSATION:

The starting wage or salary of all employees shall be primarily based on the position occupied. Training and years of experience may be taken into consideration. Pay checks are issued every other week amounting to 26 pay checks per year. Pay checks are distributed by direct deposit. You have the option to have your check mailed to your home address. Employees will receive direct deposit pay stubs via a password protected email. Verify funds have posted to your account before issuing checks or charges to your account. When using direct deposit you must notify your supervisor when there is a change in your bank account information and routing number. Any fees associated with your failure to notify will be the employee’s responsibility. Exceptions will be made in situations involving extended leave or termination of employment. An employee must provide written permission when another party will be receiving the check.

Wages and salaries are reviewed annually by the Board of Directors. The Board of Directors shall determine an overall amount or percentage increase for employee compensation. CHOICE administration will provide increases within these set limits. Pay increases may be based on performance of duties and responsibilities, your professional conduct, and attendance. Individual pay increases are given with approval of the Executive Director and no other administrator may authorize an increase in your pay.

Exempt employees are not covered by the Fair Labor Standards Act (FLSA) and do not receive overtime pay. Exempt Status:—Directors/Administration/Professionals with at least 80% of a person’s work executive, administrative, or professional in nature, requiring regular exercise of discretion and independent judgment, and compensated at a level that meets the minimum salary required by the Department of Labor to be exempt. The Department of Labor requires that time records are kept for hourly nonexempt employees and wages paid based on the time records.

CHOICE, INC. PERSONNEL POLICIES

Retention Incentive

After 36 consecutive months of employment CHOICE, Inc. will increase by 5% an employee's wage or salary. This increase is given as a reward for your service and commitment to CHOICE and the people we serve.

BENEFITS:

EMPLOYEE STATUS AND BENEFITS ELIGIBILITY:

Employees who are scheduled at least 30 hours per week and maintain an average of 30 hours per week are eligible for health, dental benefits for the employee, their spouse and dependents at a cost noted below. Life and disability insurances are provided for the employee.

Dental, Health, Life, Disability, Accidental Death and Dismemberment (AD&D) Insurance:

Dental insurance is available for an employee with an employee contribution of \$10.00 per month. Employee plus one dependent is available with an employee contribution of \$20.00 per month. Family dental insurance is available with an employee contribution of \$30.00 per month. Please verify your dental provider is in network prior to having services rendered.

Health insurance: It is the goal of CHOICE to provide a benefit to employees that makes health insurance affordable. CHOICE will provide a predetermined amount of money for an employee, their dependents, and spouse to purchase health insurance through an Individual Coverage Health Reimbursement Account (ICHRA). CHOICE contributions to the plan you select can be found in the HRA Model Notice provided by Medsurity. These rates change annually. To participate in the ICHRA you are required to work with the CHOICE broker to select a plan. Depending on the plan you select you may need to contribute to the cost of the plan, or the amount provided by CHOICE may cover the entire cost of a premium. If you select a plan with a Health Savings Account (HSA) CHOICE will deposit \$25.00 per pay period (\$650.00 per year) to the HSA for the employee. Any unused portion of the CHOICE contribution towards the premium will remain with CHOICE. At age 65 you must purchase Medicare through the ICHRA plan. If you have reached the age of 65 and have a unique reason where you need to purchase insurance outside of our ICHRA plan, CHOICE will make its typical contribution of \$500.00 to you post tax, on the second paycheck of the month, provided you present evidence of a premium paid to a Minnesota health insurance provider showing you as the covered individual. This insurance cannot be part of another employer's group plan or other form of health benefit such as an ICHRA or a QSEHRA. The ICHRA plan is reviewed annually at renewal and the contributions CHOICE makes are subject to change.

Employee medical and dental contributions are deducted from paychecks with a Premium Only Plan (POP). Premium contributions will be automatically deducted from your wages or salary before federal, state, and FICA taxes are withheld. Money to pay for this expense is pre-tax, thus resulting in tax savings for you throughout the year. If you prefer not to participate in the POP you must complete a waiver upon hire, at the beginning of each plan year and pay the premium with after tax dollars deducted from your paycheck.

Medical and dental benefits begin on the 1st day of the month after 60 days of employment, should you decide to enroll. If you do not enroll at hire, you must wait for open enrollment which is 30 days prior to our medical plan's annual renewal date of January 1, or for a special enrollment event. Special events are specified in the plan. Our dental insurance has an open enrollment period 30 days prior to the plan's renewal date of November 1 where an employee and/or their dependents may enroll in absence of a qualifying event—specified in the plan.

CHOICE, INC. PERSONNEL POLICIES

Benefits and conditions of these policies are contained in descriptive booklets provided by the insurance carriers or are available online.

It is the responsibility of the employee to notify their supervisor of a change in eligibility for their dependent coverage. Misrepresentation of eligibility of dependents may lead to discipline or discharge. Most common eligible dependent members (see coverage manual for dependent coverage) include:

- Legally married spouse
- Children to age 26
- Legally adopted children; children placed with you for legal adoption

If an employee has health insurance from another provider and opts to waive health insurance coverage through Choice Inc., the employee's pay check will be increased **\$50.00** per paycheck (\$1300.00 per year). An employee electing to waive coverage will receive this increase at the time when health insurance would typically go into effect.

CHOICE, Inc. provides life, AD&D, and long & short-term disability insurance when an employee averages at least 30 hours per week. Ask our benefits administrator for access to the Insurance Provider Policy Manual for specifics and restrictions. Plan benefits as set forth in provider manuals govern the specific coverage and no statements to the contrary by management can alter this coverage. Management may provide a general overview of the benefit plans. It is your responsibility to reference the manuals for specific coverage.

In the event of a short-term disability leave, CHOICE, Inc. will maintain your health and dental benefits for the duration of the leave up to 13 weeks. You will need to pay your employee contribution during this period. Arrangements to pay your employee contribution will be made upon return to work. Typically your contribution will be doubled each month upon return to work until repayment is complete. In the event of a long-term disability situation (after 13 weeks), you will be offered the opportunity to pay your health and dental insurance premium to continue receiving health insurance through our plan for up to 18 months (as required under the laws of COBRA).

Upon termination of employment employees have the right to elect to continue our health, and/or dental coverage for the employee and his or her dependents. If the employee elects to continue coverage, the employee must pay the cost of the coverage to CHOICE, Inc. At the time of termination the cost will be made available along with appropriate forms for the employee to complete to elect to continue coverage or not.

If you resign from CHOICE between the 14th and the end of the month CHOICE will have made payment for your next month's health plan premium. The entire cost of this one month of premium will be deducted from your final paycheck. To avoid this you may notify us prior to the 14th of the month so that we do not make your premium payment for the following month.

One or all of the above insurance benefits may be changed or eliminated at the company's discretion.

Workers Compensation Insurance:

CHOICE, INC. PERSONNEL POLICIES

All employees are covered by worker's compensation that provides for benefits in case of on-the-job injury. If an employee is injured on-the-job, the employee must report the injury to their supervisor. All injuries, no matter how minor, should be reported to the employee's supervisor immediately. The supervisor will report the injury to the claim coordinator within 24 hours, and

will assist the employee with transportation to the nearest health provider if necessary. The employee and supervisor will complete the "First Report of Injury" form as soon as possible. A copy will then be sent to the insurance and one is presented to the employee. If there is a loss of time at work, additional forms may need to be completed. There is a three day wait period before workers compensation is paid for time missed at work. Workers compensation is paid at a rate of 2/3rds of your earnings based on the wages paid in the six months prior to the event. If ten or more days are lost due to the event, worker's compensation will pay the first three days of lost pay. Earnings are not taxable income. Sick leave is not paid when an employee is covered through workers compensation.

CHOICE, Inc. supports the practice of returning injured employees to work, as soon as medically possible, to a position within our company compatible with the employee's restrictions. This practice is instituted with the cooperation of our worker's compensation carrier. Current positions may be modified to fit the medical restrictions of an injured employee. If this is not possible, a temporary light-duty position will be made available. Examples of these light duty positions are: 1. Limited assignments at community job sites that fit the medical restrictions, and 2. Review and assess client files for compliance with the DHS standards.

Any questions concerning a workers' compensation claim should be directed to our claims coordinator, Michael Kraines.

Unemployment Insurance:

In accordance with Minnesota law, each employee has unemployment compensation insurance. Unemployment Insurance does not cover voluntary resignations or termination for cause.

401(k) Retirement Plan:

CHOICE partners with Voya to offer a robust 401(k) benefit option. Employees become eligible for the plan on the first of the month following 60 days of employment. This is an automatic enrollment plan; employees will be automatically enrolled in the 401(k) at 6% employee contribution on the first payroll after they become eligible. If you wish to make an election other than 6% you must elect to do so through the Voya participant portal. CHOICE will match 100% of your contribution up to 4% of your income. For employees that achieve two years of employment with CHOICE, this match will be 100% vested. Prior to that the 4% match will be returned to CHOICE. Participants in the plan will incur an annual fee of 1.05% which is taken out of the participant's fund balance. See your plan document for all details related to this plan.

Family and Medical Leave Policy

To be eligible for a family medical leave you must have worked for CHOICE at least 1,250 hours over the previous 12 months. Eligible employees may take up to 12 weeks of unpaid family medical leave within a 12 month period for your own serious health condition or to care for a spouse, child, or parent with a serious health condition. Upon return from family medical leave, when possible most employees will be restored to their original or equivalent positions with equivalent pay, benefits and other employment terms. The 12 month eligibility starts with the day

CHOICE, INC. PERSONNEL POLICIES

of the qualifying event and includes the following 12 months. The leave may be taken intermittently (in separate blocks of time due to a single health condition) or on a reduced leave schedule (reducing the usual number of hours you work). Time taken for a family medical leave is not included in or considered to be 'hours worked'. Employees will be required to use your available paid sick leave, PTO, and or other leave when applicable (short or long term disability) during your leave of absence. This means that you will receive your paid leave and the leave will also be considered part of the family medical leave and included within your leave time frame.

If your leave is foreseeable the request must be in writing. Note the reason for the leave and the anticipated duration of the leave. If your need for a leave is foreseeable you should give notice 30 days prior to the commencement of the leave. If this is not feasible, notice should be provided as soon as possible. CHOICE has the right to request that an employee supply certification from a health care provider verifying the need for the leave.

During an approved family medical leave CHOICE, Inc. will maintain your health and dental benefits up to the 12 week leave. You will need to pay your employee contribution for this period. Arrangements to pay your contribution will be made upon return to work. Typically your contribution will be doubled each month upon return to work until repayment is complete. If your leave extends beyond 12 weeks you will be offered "COBRA" where you may elect to keep your health and dental benefits and life insurance provided you pay 100% of the cost.

Parental & Maternity Leave

An employee that has worked for CHOICE, Inc. for at least one year may take up to 12 weeks of unpaid parental leave in conjunction with the birth or adoption of a child. Six weeks of unpaid leave is available for an employee that has worked less than one year. The leave must commence no later than 6 weeks after the birth of the child or the placement of a child for adoption. Prior to the parental leave an employee should provide in writing the intended duration of the leave.

The time taken for parental leave is not considered to be 'hours worked'. During parental leave CHOICE, Inc. will maintain your health and dental benefits for the first twelve weeks. You will need to pay your employee contribution for this period. Arrangements to pay your employee contribution will be made upon return to work. Typically your contribution will be doubled each month upon return to work until repayment is complete. If your leave extends beyond 12 weeks you will be offered "COBRA" where you may elect to keep your health and dental benefits and life insurance provided you pay 100% of the cost.

If an employee needs a longer leave due to medical complications, the employee should notify CHOICE, Inc. as soon as possible.

Holiday and Vacation Pay

To receive Holiday and Vacation pay employees are expected to work at minimum 90% of their scheduled days apart from using PTO or when on a qualifying leave of absence. CHOICE, Inc. offers the following paid holidays and vacations paid for full time (30 hours per week) employees each year:

- New Year's Day
- Martin Luther King, Jr. Day
- Memorial Day

CHOICE, INC. PERSONNEL POLICIES

- Juneteenth
- **Companywide Vacation** –Fourth of July Week (5 days)
- Labor Day
- Thanksgiving Day & Friday after Thanksgiving
- **Companywide Vacation**—Week of Winter/Christmas break (5 or 6 days depending on the calendar and New Year's Day)

Depending on the calendar there are 16-17 paid holiday and vacation days – Employees must be employed at least 30 days prior to the five days of paid holidays for July or Winter vacation and on the day after the vacation to receive this benefit. Part-time employees will be paid for their typical hours worked in a week during the July and Winter vacations.

When a holiday falls on a Saturday, it will be observed the preceding Friday. Holidays falling on a Sunday will be observed the following Monday.

Employees will not receive holiday or vacation pay while on a leave of absence.

For the purpose of this policy a “day” is the typical workday for the individual employee. Holiday and vacation pay is computed at the hours worked of their typical workday during the pay period that the vacation or holiday occurs or by the Program Director based on your typical average work day or week. In no case may an employee receive more than an average typical day's hours or more than 8 hours for a day.

If working on a holiday or a scheduled vacation, full-time employees will be paid for the holiday or vacation plus hours worked. Part-time employees will be paid for the time worked at 1.5 times their regular wage.

Holidays and vacation are not paid at termination of employment. Holiday and vacation pay is not considered time worked for purposes of calculating overtime.

Paid Time Off and Sick and Safe Time (PTO)

CHOICE believes that its employees are the key to what makes a great company. Although work makes up a large portion of an employee's life, a balance between work and non-work activities is essential to maintain quality performance and a positive work atmosphere. To support this philosophy, the company has along with the paid holidays and vacations designed a paid time off (PTO) plan that incorporates personal vacation, sick and safe time, care for others and pets into one program.

Upon hire 16 hours of PTO will be provided to the new onboarding fulltime employee (for the purposes of this policy full-time means regularly scheduled at least 30 hours per week). PTO for all regular full-time staff is then earned based on length of service as applied to the following schedule:

Years of Service	Hours accrued per hour worked	*Your typical work day per Year (PTO)
0-1	.03833	10
1-5	.04611	12
5-10	.05389	14

CHOICE, INC. PERSONNEL POLICIES

10-15	.06139	16
15-20	.06917	18
20-25	.07692	20
25-30	.08462	22
30+	.09222	24

**“Day” for purposes here is your typical workday in your typical work week.*

Part-time staff that work on average 24 hours per week will accrue PTO at the rate of .03833

Part time employees that work a minimum of 80 hours per calendar year, but average less than 24 hours per week will accrue PTO at the rate of 1 hour for every 30 hours worked.

PTO is accrued for every hour worked, hours paid for holidays and vacation time, and hours used of PTO. Your available PTO will be applied when taking time off.

Procedure: PTO may be taken in quarter hour increments. A “day off” using PTO is the typical workday for the individual employee. The PTO paid for an entire day off will be your typical workday during the pay period that PTO is taken or as determined by the Program Director. In no case may an employee receive more than a typical day's hours or more than 8 hours for a day.

When possible PTO must be preapproved and prescheduled with the employee's supervisor. When reporting an unexpected absence, such as with illness, employees are expected to report their absence to their supervisor no later than 8:00 AM on the day of the absence. If you have driving responsibilities, then no later than 7:00 AM.

Approval for all scheduled time away is subject to applicable workloads. Typically there is a limit of one direct service staff granted time off on the same date(s) at a program site. Specific requests may not be granted if other staff have previously planned to take time off during the time you request off. Plan ahead.

A maximum of 80 hours of accrued and unused PTO time may be carried over from your anniversary year to the next. Employees may "sell" up to 40 hours of unused PTO hours back to the company at the end of their anniversary year at 90% of your wage or salary. You must retain at least 30 hours of PTO at the time of the sell back. PTO is not accrued on time you sell back to the company. If you terminate your employment or if you are terminated, you will be paid for earned and unused PTO time up to 40 hours.

Employees cannot share or donate PTO to other employees. PTO is not hours worked for the purposes of an overtime calculation. Earned PTO and its use are noted on your paystub each pay period.

Bereavement/Compassionate leave:

CHOICE, Inc. recognizes the importance of taking leave on the occasion of a death in the family. All employees may have up to 3 days off with pay for the loss of mother, father, sister, brother, spouse, partner, child, miscarriage or stillbirth, mother or father-in-law, grandparent, or grandchild. PTO or authorized leave without pay will be available for extended funeral matters. Employees taking bereavement leave must notify their

CHOICE, INC. PERSONNEL POLICIES

supervisor. You may be requested to provide documentation to support your absence. A “day” is the standard work day for the individual employee. While those important to us include extended relatives, friends, and many others, this policy is not intended to be all inclusive. When necessary you may request to use PTO or time off without pay for extended relatives, friends, and others.

Unpaid Time Off

CHOICE is a business that requires that we have a minimum number of staff on-site related to the number of people being served. It is assumed that employees will use their PTO wisely and avoid the need for additional time off. It is a challenge to grant all PTO requests and therefore PTO requests from employees will take precedent over any request from employees for unpaid time off. CHOICE may grant up to three days of unpaid leave in a twelve month period in your first two years of employment. After that it is expected that you will have accrued PTO and use only what you have accrued. Other than for a bonafide leave, it is expected that you will not need more time off than what your PTO permits. Unforeseen life events/circumstances may be taken into consideration regarding this policy.

Anniversary cash with a day of PTO Change effective 1/1/2024

On the anniversary of your employment start date employees that work an average of at least 24 hours per week will receive a certificate for \$200.00 and a day of PTO to be used at a future date. When the employee takes their PTO day off a \$200.00 cash bonus will be presented to the employee on the day prior to the scheduled day off. If you are a part-time employee plan to take off one of your typically scheduled days. This \$200.00 bonus in cash is taxable income. CHOICE will pay the Social Security and Medicare taxes. The bonus will be paid with a separate pay stub. If an employee is on a leave of absence during the anniversary of their employment start date they will receive their \$200.00 with a day of PTO certificate upon their return.

Jury Duty & Witness Leave

If you are summoned to jury duty you are expected to present the summons to your supervisor shortly after receipt. Salaried employees will be paid their regular salary during the period of jury duty up to one week. You must reimburse CHOICE, Inc. your earnings as juror during this week. Any employee released from jury duty before 12:30 PM is expected to report to work for the duration of the day.

An employee subpoenaed to appear in court as a witness either on their own behalf or for another party should notify their supervisor shortly after notice is received so that proper coverage of their absence can be planned. PTO may be used in this situation.

No Work While on Leave

Working for another employer while on leave from CHOICE, Inc. is prohibited and will result in your employment being terminated at CHOICE, Inc.

Compensatory Time:

Salaried employees at CHOICE are exempt and not eligible for overtime or hourly compensation. A typical workweek is 40 hours but will at times be more. Compensatory time is earned for time over 40 hours when you are working special events and activities outside of your routine duties, and outside of the typical scope of your weekly duties. Obtain permission from the Executive Director in advance for compensatory time. Compensatory time has no cash value and will be recorded on your Comp Log in Dropbox.

CHOICE, INC. PERSONNEL POLICIES

EXPENSE REIMBURSEMENT:

All employees are reimbursed for all pre-authorized personal expenses incurred for the operation of the agency. Regarding use of personal vehicle, reimbursement per mile is \$0.55.

TRAINING & ORIENTATION

Employees are required to read all company policies as part of their initial orientation to CHOICE, Inc. In addition to reading policies, employees must complete online training courses in the Learning Management System (LMS). Employees are assigned a username and password and are responsible for completing their coursework in the assigned time frames. Upon hire 8 hours of Positive Supports training is required, and 4 hours annually thereafter. Mandated Reporting courses and related policies must be completed within 72 hours of having direct contact with persons served. Orientation requirements must be completed within 60 days of hire. As part of the required ongoing annual training employees will review policies as assigned by the Director of Learning and Development, or by their supervisor. Annual refresher courses will be assigned in the LMS. All LMS courses must be viewed in full without skipping ahead. LMS courses have quizzes which require an 80% passing grade. Additional training topics may be assigned as needed or required. Training may consist of a review of field related literature, films, coursework, and in-service presentations.

All staff are required to maintain proper certifications (First Aid, CPR, and Medication Administration) to conduct required tasks related to their employment at CHOICE. It is the employee's responsibility to ensure that this training is completed and that proper documents are provided for their employee record. To be eligible to receive raises, bonuses, or other incentives offered at CHOICE all required training, orientation, certifications and education must be up to date and documented in the employee's records.

Employees will be compensated for First Aid, CPR, and Medication Administration training when that training is obtained during non-regular working hours. Other training occurring during non-regular working hours is not compensated. Training required by another employer that meets CHOICE, Inc. requirements for First Aid, CPR, and Medication Administration training is not compensated by CHOICE, Inc.

ATTIRE

Employees are required to dress in business casual attire. We expect all employees to dress professionally and represent CHOICE, Inc. in that manner. Blue jeans, sweatpants, logo sweatshirts and athletic apparel are not acceptable as part of business casual attire. Athletic apparel is permitted when employees are scheduled to facilitate a health & wellness, fitness or any SHAPE related activity. Employees are encouraged to return to business casual attire upon completion of fitness activity. Blue jeans are permitted only on Fridays for those employees who choose to participate in the \$2 donation program. Funds raised in this program will be donated to a CHOICE, Inc. community partner at the discretion of the Executive Director. Permitted jeans include those without holes, frays and heavy embellishments. CHOICE, Inc. Administration may exercise discretion to determine appropriateness of employee dress and appearance and may require the employee to make necessary changes to comply with the policy.

CHOICE employees should be aware that their duties may include job coaching in a variety of environments and settings. These settings may include the risk of stains and/or damage to clothing. CHOICE, Inc. recommends that employees do not wear expensive clothing in these settings as reimbursements for stained or damaged clothing cannot be provided.

CHOICE, INC. PERSONNEL POLICIES

In cases where specialized clothing is required by an employer partner, CHOICE, Inc. will reimburse employee expenses related to the purchase of such clothing if it is deemed a necessary part of our duties. CHOICE, Inc. will provide a reimbursement of up to \$30 once every two years for the purchase of non-slip shoes for restaurant and other food service environments.

HARRASSMENT

Workplace harassment is unwelcome conduct from a boss, coworker, group of coworkers, vendors, employment partner employees, volunteer partner employees, or customers whose actions, communication, or behavior mocks, demeans, puts down, disparages, or ridicules an employee. Physical assaults, threats, and intimidation are severe forms of harassment and bullying. Harassment may also include unwanted touch, offensive jokes, name-calling, and offensive nicknames, pornographic images on a computer or device, and offensive pictures or objects. Any actions from another person that interferes with an employee's ability to do his or her work will be considered a form of harassment, and may include conduct not noted above. It's natural for employees to have non-work-related conversations while on the job. But be careful about which topics you discuss. Over time talking about politics has increasingly become divisive. People are passionate about their beliefs, and a difference in opinion could quickly turn into harmful employee interactions. Bringing up controversial issues can lead to heated, unproductive arguments. In extreme cases, these arguments can result in harassment, animosity, and being ostracized. Employees at CHOICE are advised to avoid personal conversations about politics and divisive issues while at work.

Employees who claim to have worked off-the-clock but who have not obtained approval from their supervisor about that worked time may not be entitled to pay for that time.

INCLEMENT WEATHER AND CLOSURES

CHOICE, Inc. may close due to inclement weather or other events (power outage, water disruption, fire) beyond our control. These events may result in a CHOICE program in one community being closed while other programs will remain open. Staff at a site that must close will not be compensated for the day(s) during the closure. Any available paid time off (PTO) may be applied in this situation and employees should make their request to their Program Director/Supervisor so it can be applied to the next payroll.

Employees will be notified if there is a closure. It is the responsibility of the employee to notify administration if there is a change in their personal contact info.

When planning to work on an inclement weather day or closure employees should notify their supervisor for approval. Upon notification of the closure, employees should email their supervisor listing the tasks they plan to complete and the estimated time for each. Employees may work and be compensated during a closure in the following ways:

- Work on case management paperwork. Office time may not be rescheduled due to a closure. You will be required to note the specific work you performed and completed.
- Complete on-line training/LMS. All 245D required training should be completed on closure days unless an employee has a valid reason for being unable to complete the training. Additional LMS or training courses may be made available on closure days.
- Lead remote programming
- Participate in staff and/or other team meetings
- Specialists may work on assignments as needed, upon approval from their supervisor.

Please note that prep time for remote programming is not approved on these days. Remote program prep should occur in advance. When it appears that inclement weather may occur, make arrangements to have resources available for your remote program. Class links should be preset, and laptops and participant files may be checked out for remote work. Let your supervisor know ahead of a closure event that you would like to assist with remote programs on days that CHOICE is closed due to inclement weather or other unforeseen events. You will be paid for the hours you are online with participants. Time and attendance must be taken using Pavillio for the purpose of billing these services.

All remote work on closure days must be completed consecutively for non-exempt employees, i.e. you must complete your work in one time period and you may not clock in and out more than once each day.
