

POLICY AND PROCEDURE ON EMERGENCIES

I. PURPOSE

The purpose of this policy is to provide guidelines on preparing for, reporting, and responding to emergencies to ensure the safety and well-being of persons served.

II. POLICY

CHOICE, Inc. will be prepared to respond to emergencies as defined in MN Statutes, section 245D.02, subdivision 8, that occur while providing services, to protect the health and safety of and minimize risk of harm to the person(s) served. Staff will address all emergencies according to the specific procedure outlined in this policy and act immediately to ensure the safety of persons served. After the situation has been resolved and/or the person(s) involved are no longer in immediate danger, staff will complete the necessary documentation in order to comply with licensing requirements on reporting and to assist in developing preventative measures, if applicable. For incident response procedures, staff will refer to the *Policy and Procedure on Responding to and Reporting Incidents*.

All staff will be trained on this policy and the safe and appropriate response to and reporting of emergencies. Program sites will have contact information of a source of emergency medical care and transportation readily available for quick and easy access. In addition, a list of emergency phone numbers will be posted in a prominent location and emergency contact information for persons served at the facility including each person's representative, physician, and dentist is readily available, located in a binder kept and updated by the site Program Director, and accessible to all staff.
