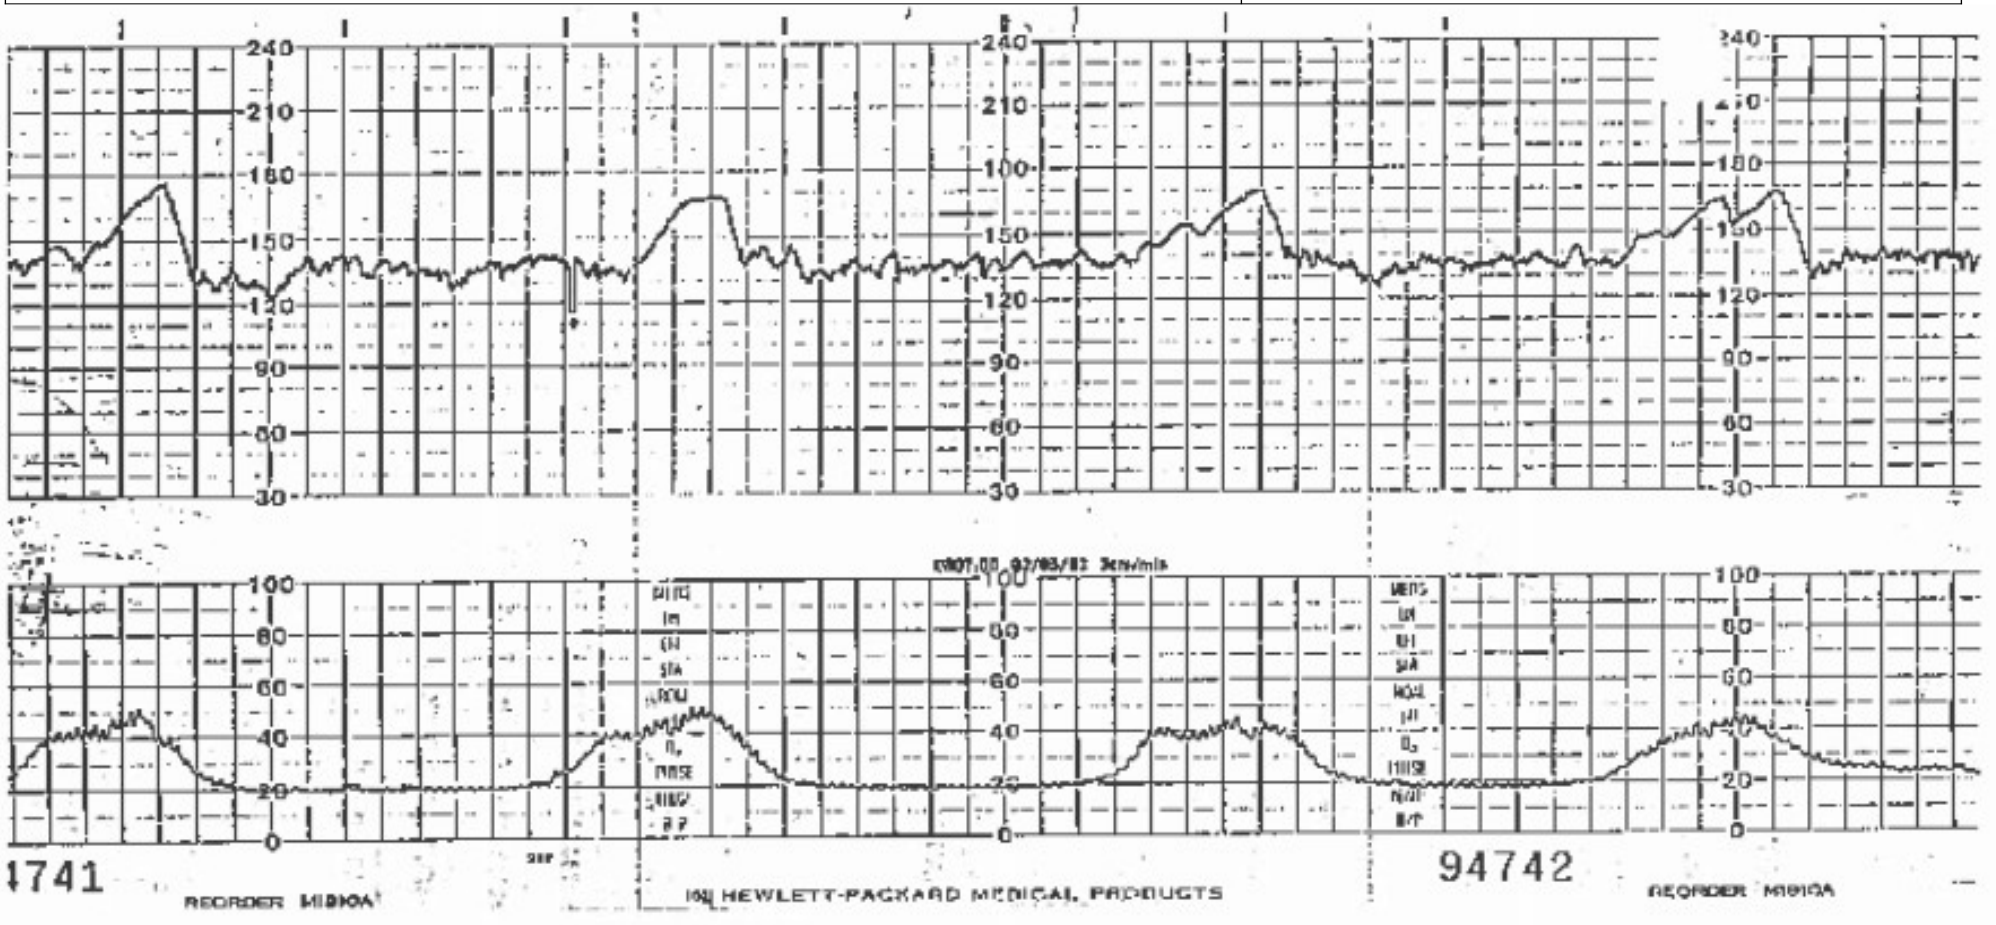
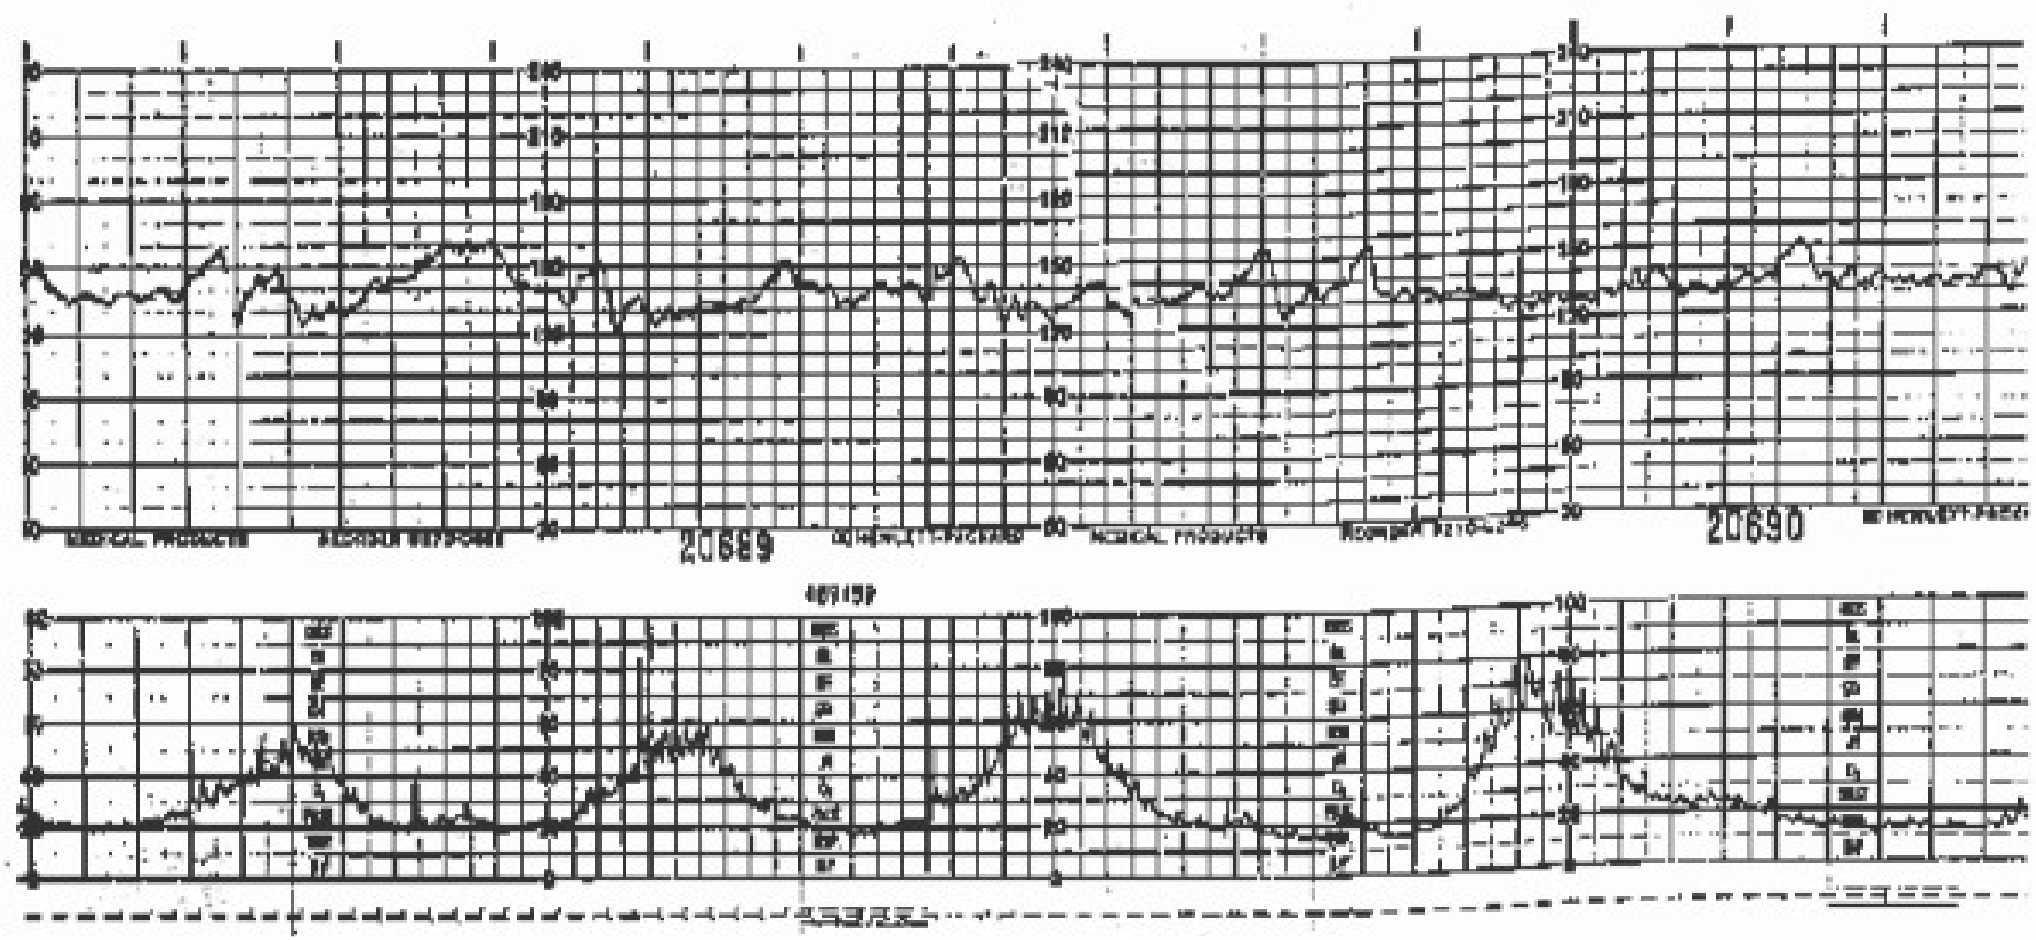
FHM Strip Interpretation # 1

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



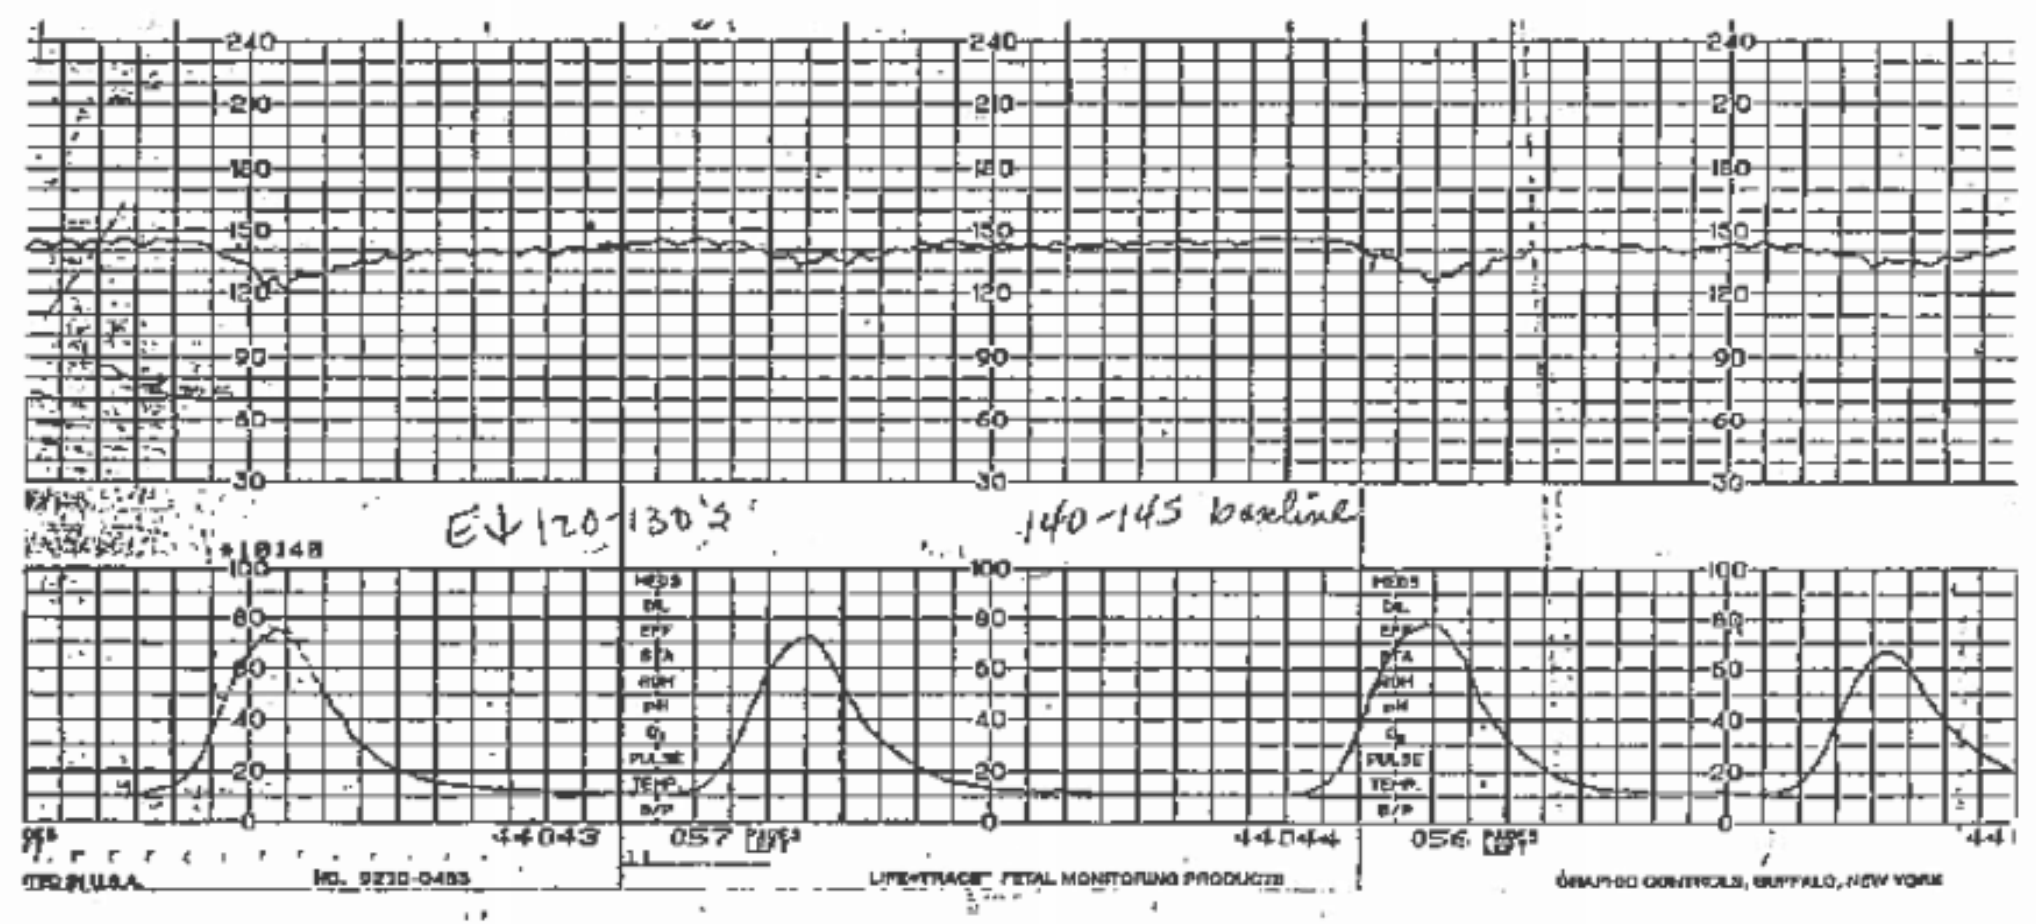
FHM Strip Interpretation # 2

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



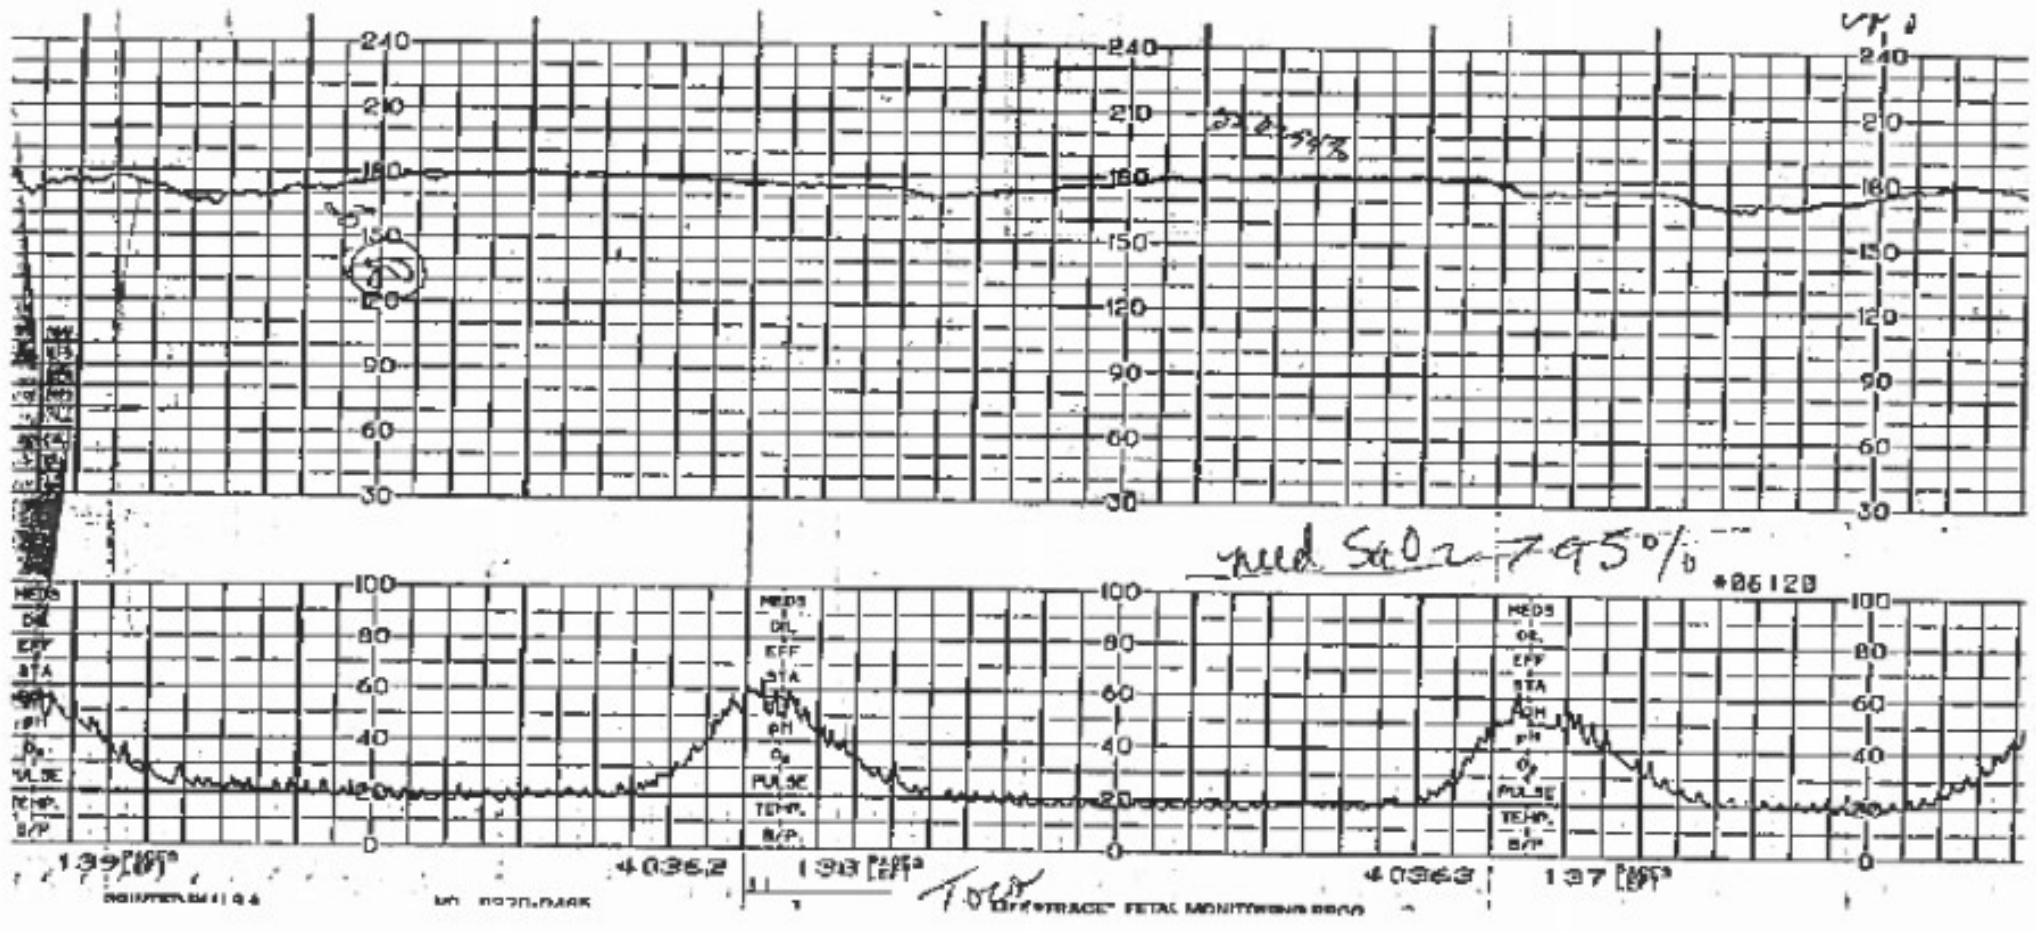
FHM Strip Interpretation # 3

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



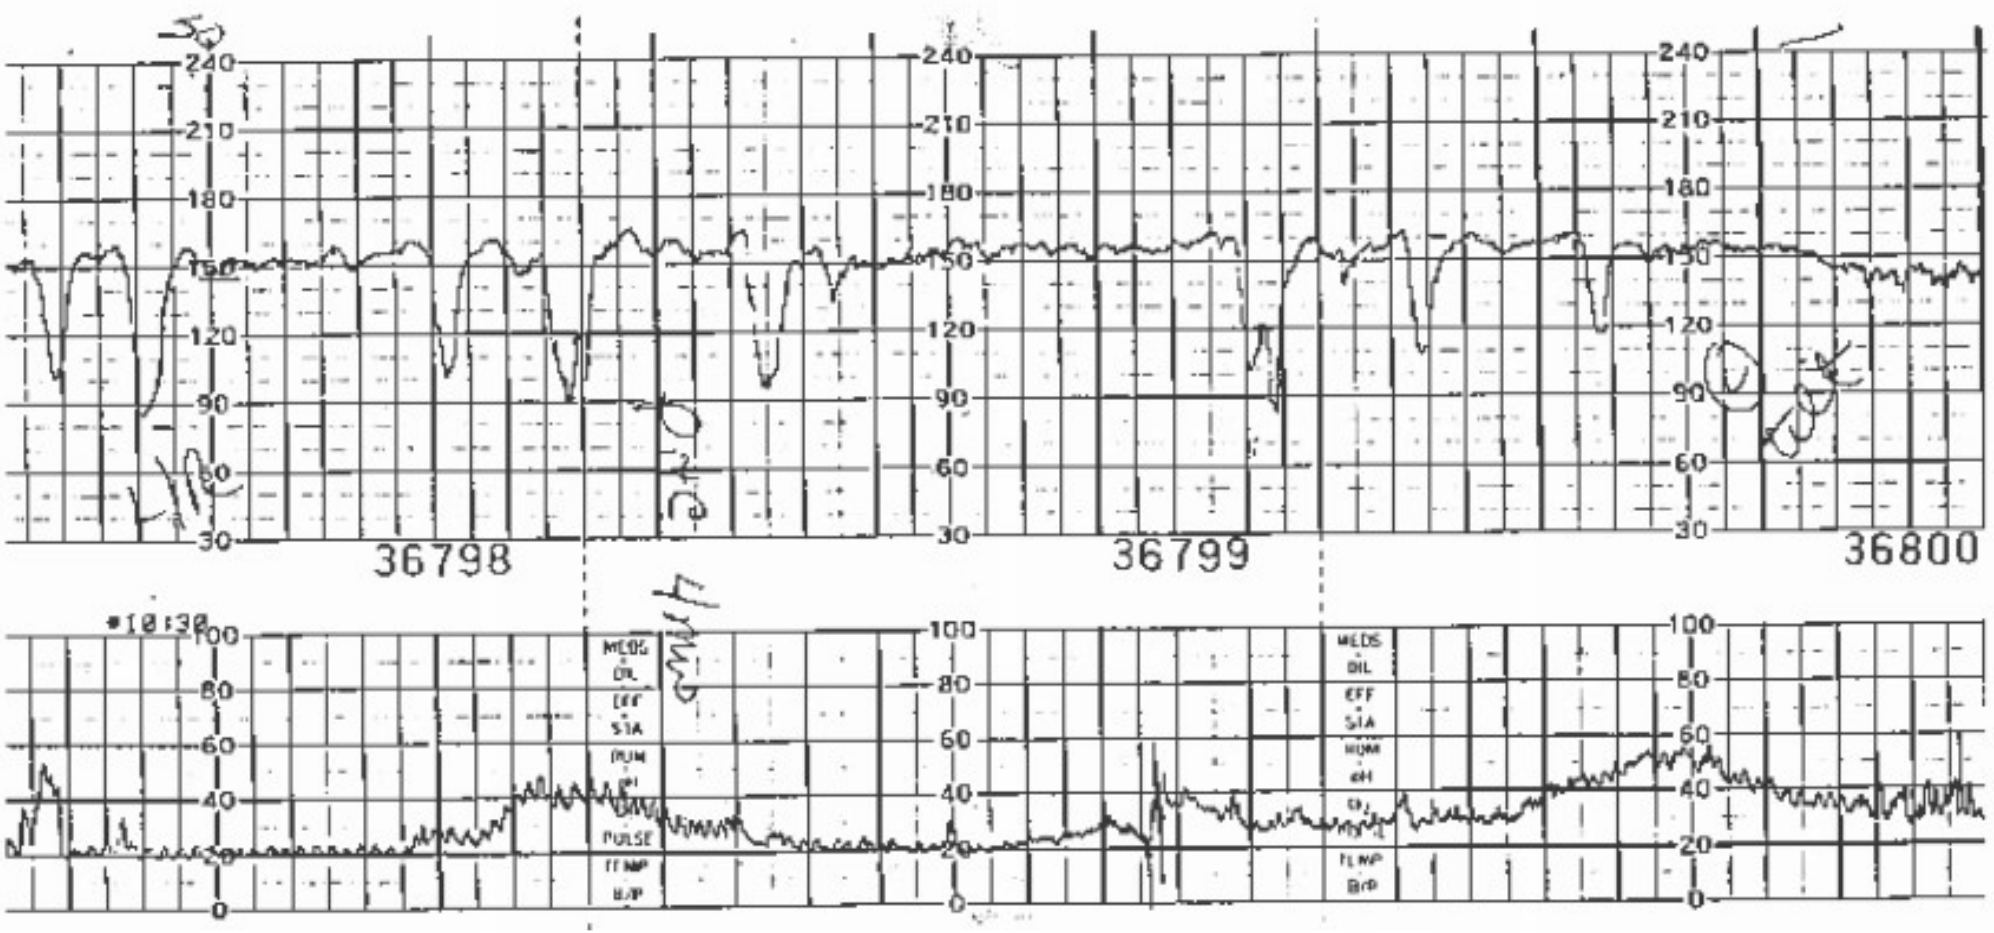
FHM Strip Interpretation # 4

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



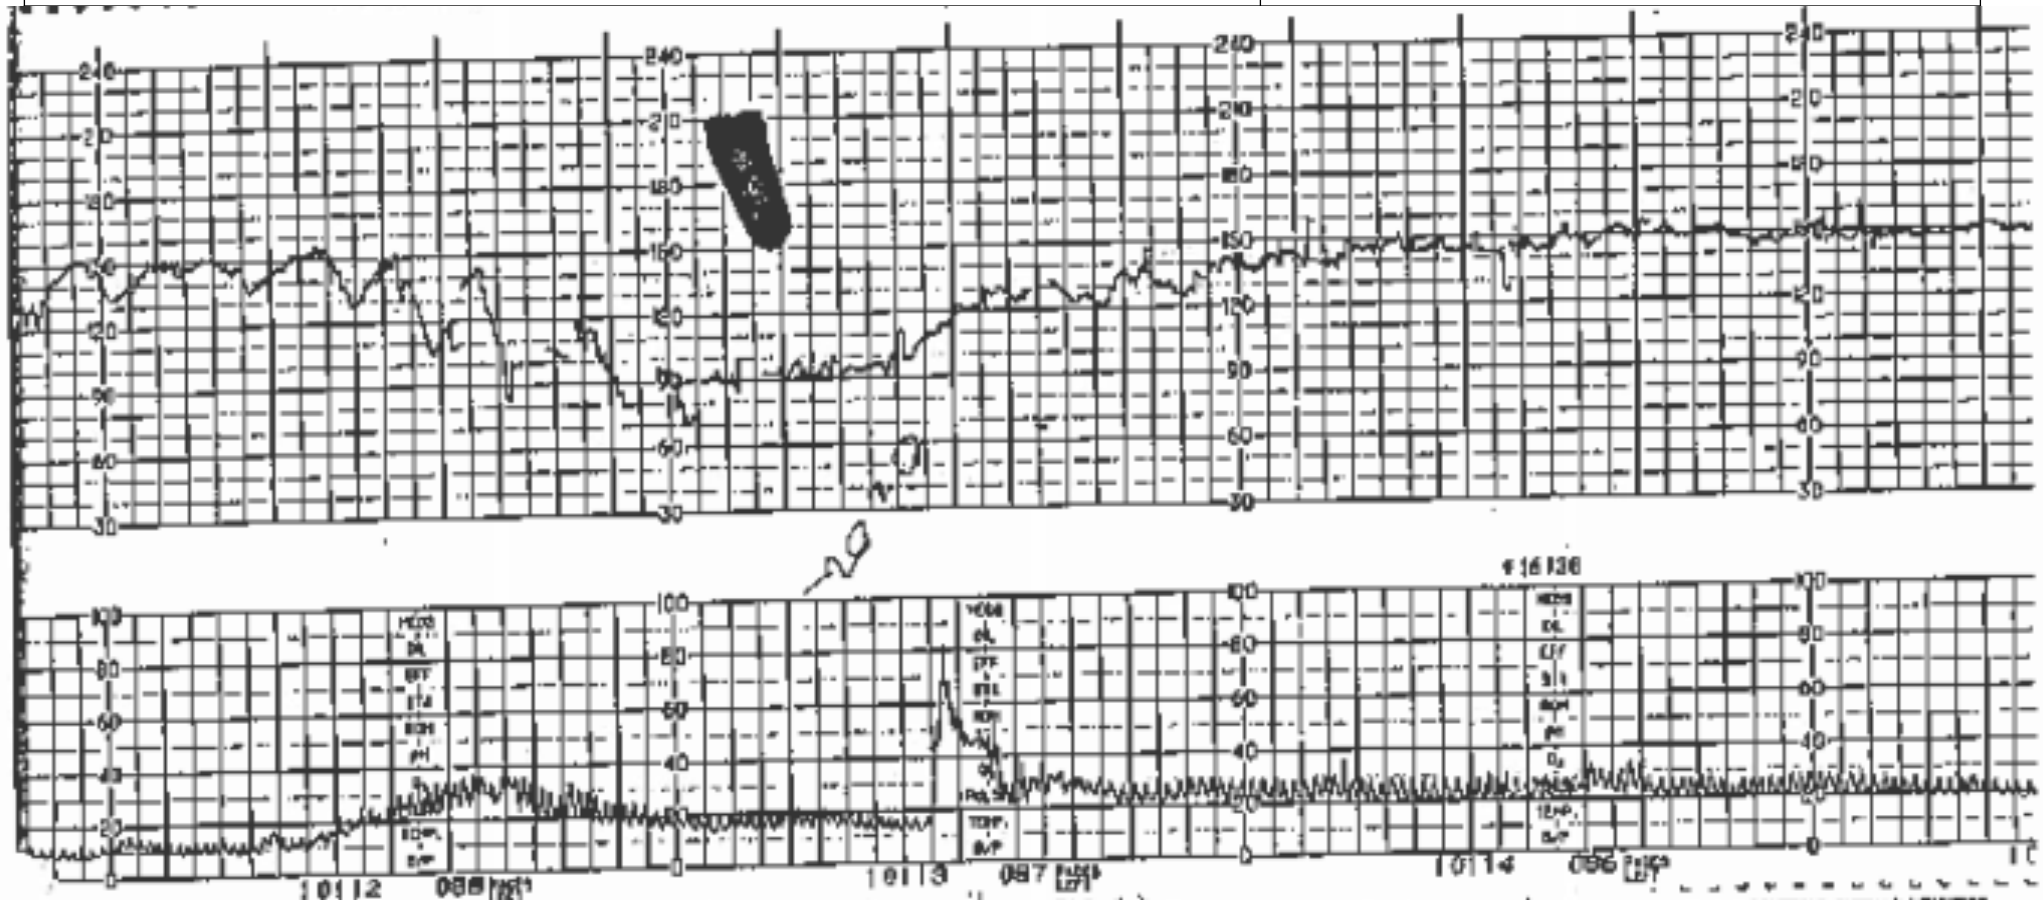
FHM Strip Interpretation # 5

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



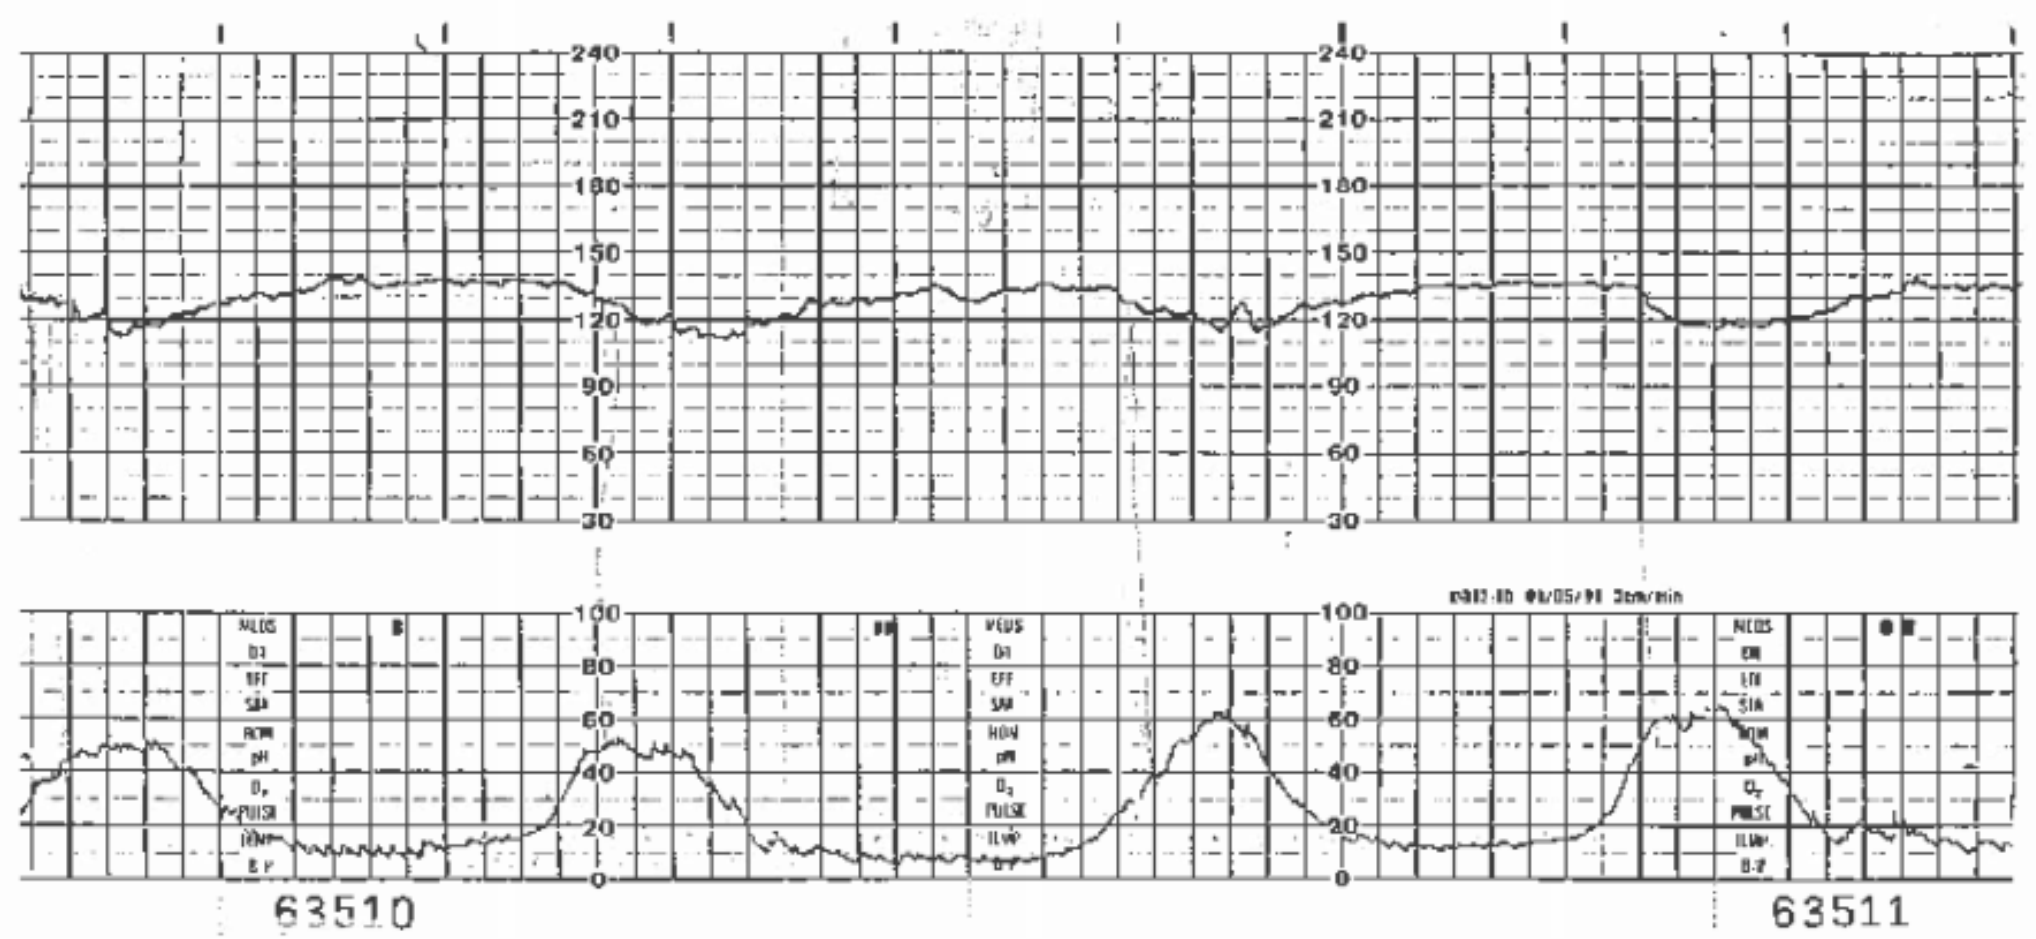
FHM Strip Interpretation # 6

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



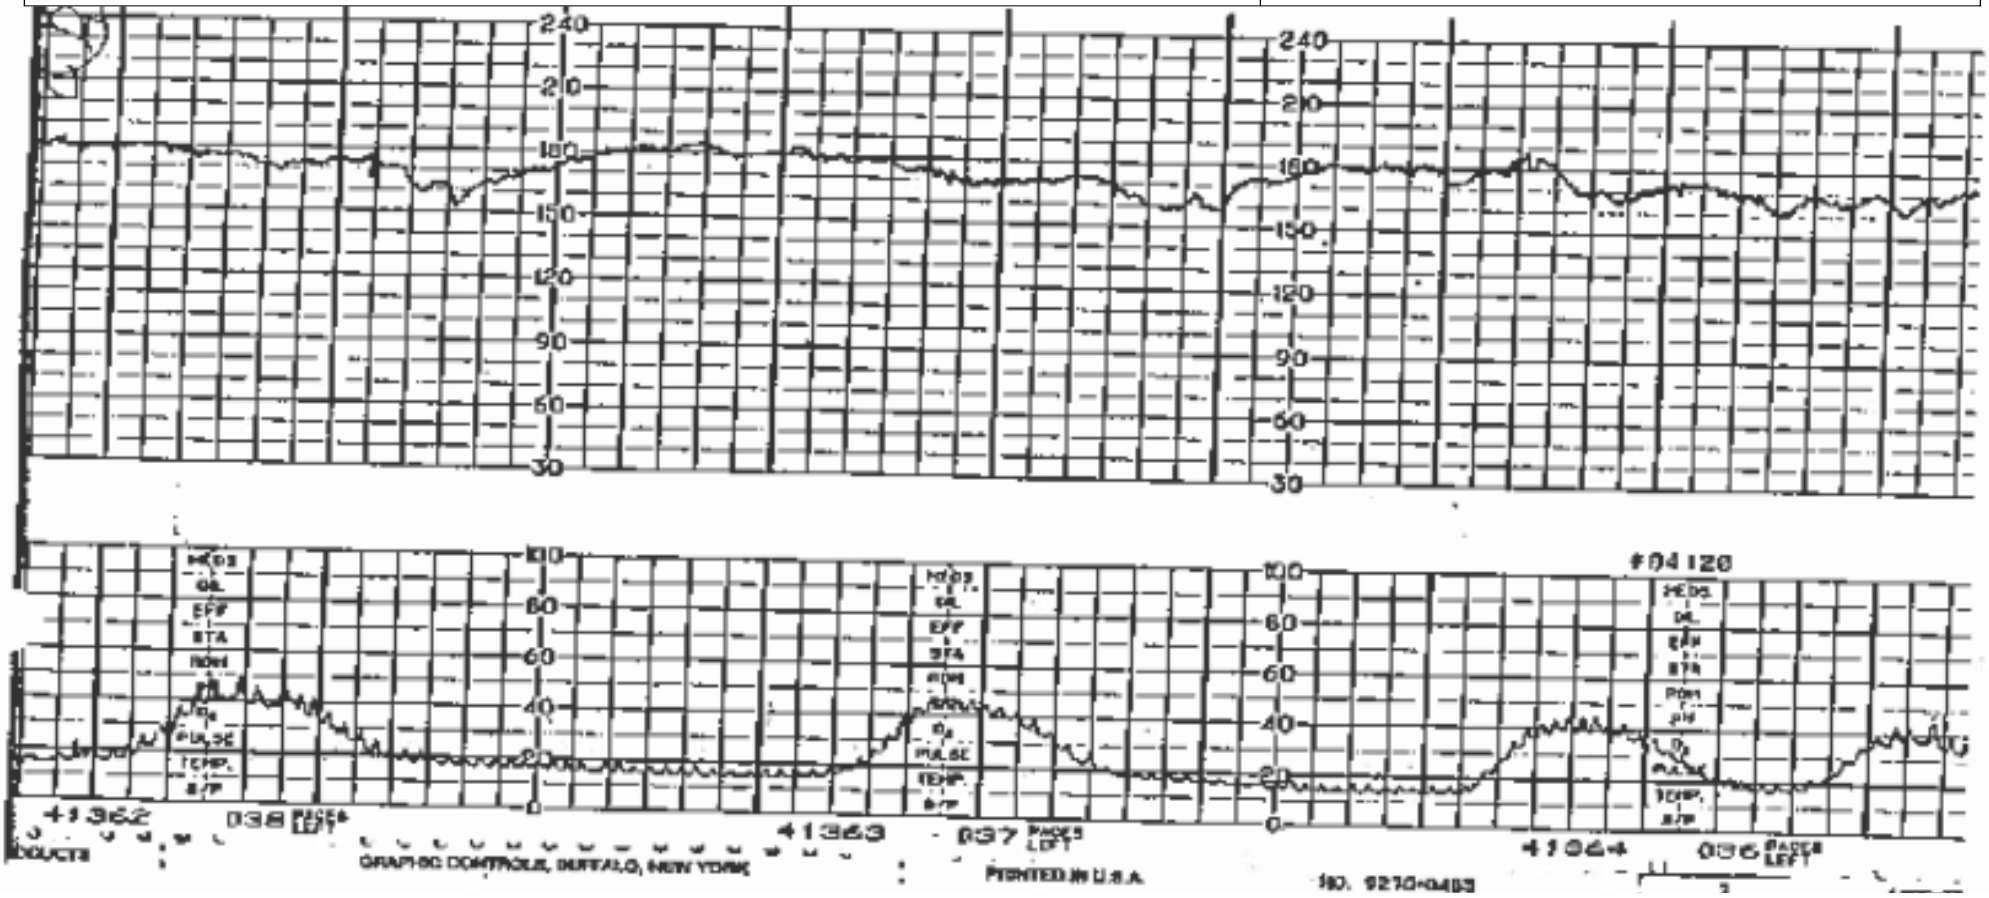
FHM Strip Interpretation # 7

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



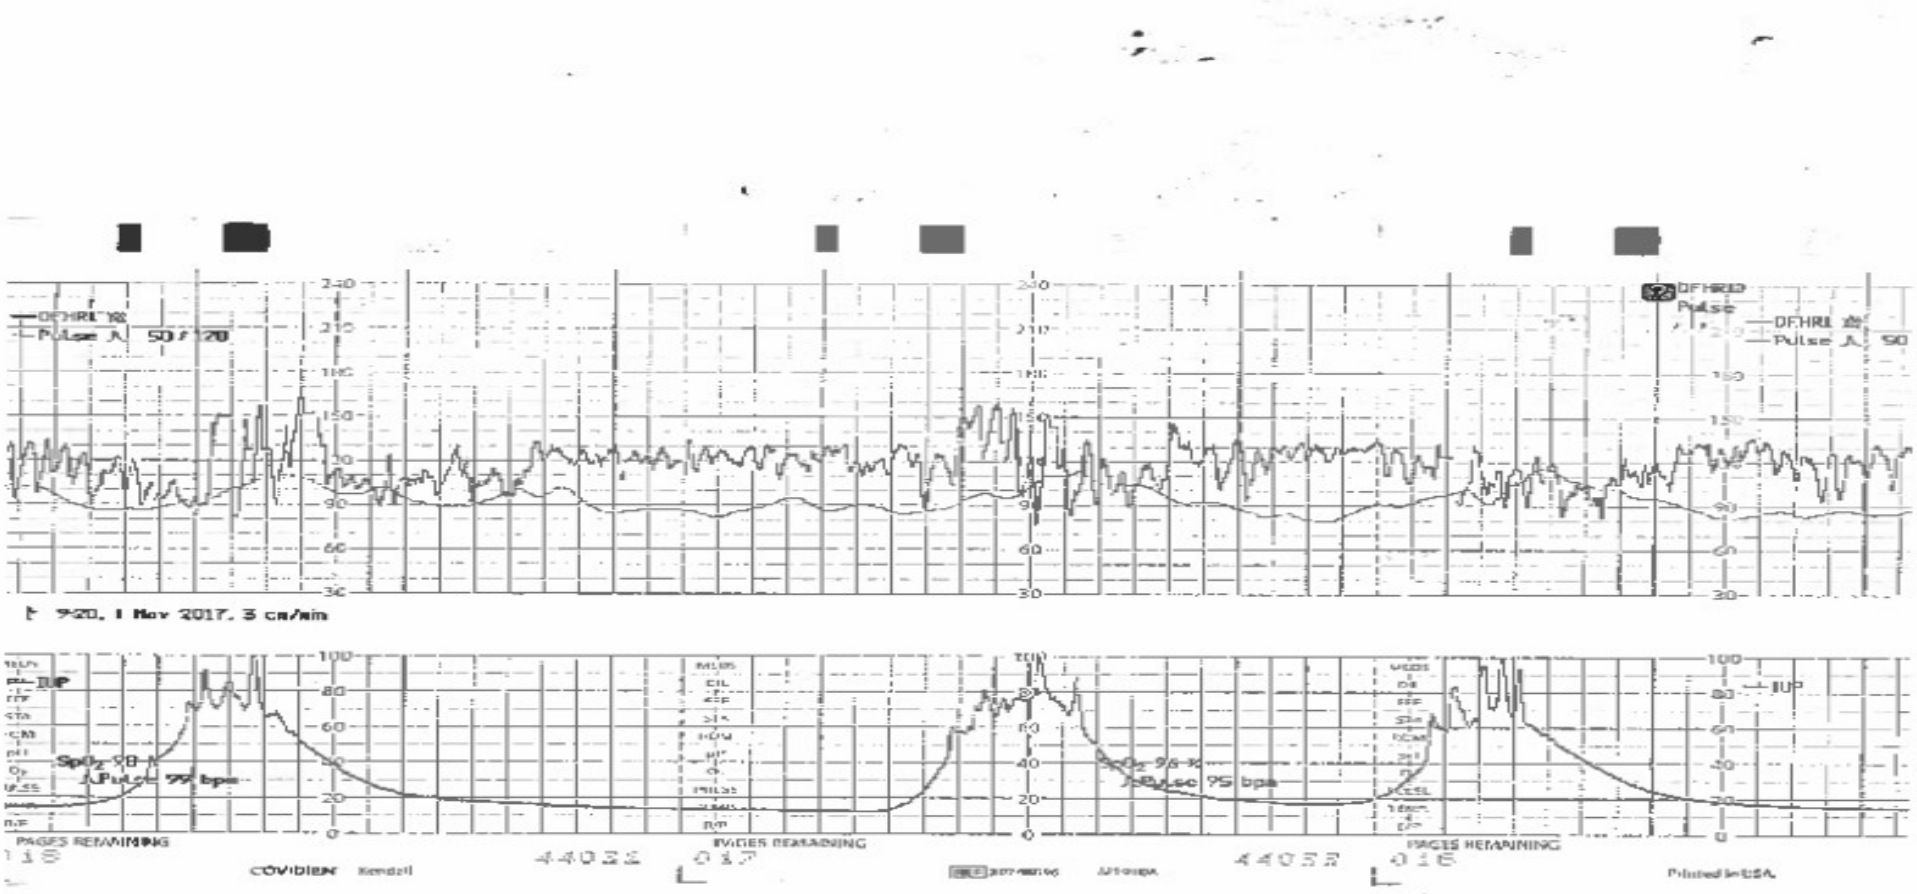
FHM Strip Interpretation # 8

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III



FHM Strip Interpretation # 9

Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Declarations: Yes / No Type Declaration: Early / Late / Variables / Prolonged Decel.	Uterine Contractions: Frequency: Duration:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III

FHM Strip Interpretation # 10


Baseline rate: Variability: Absent / Minimal / Moderate / Marked Accelerations Yes / No Reactive: Yes / No Decelerations: Yes / No Type Deceleration: Early / Late / Variables	Uterine Contractions: Frequency: Duration: Strength:
Nursing Treatment: None / Observe / VE / Turn / O2 / Hydration / Pitocin Off / Notify MD	Category: I II III
